Christians United for Israel
Grass Valley, CA City Council
Press
State House/Assembly California
State Senate/Legislature California
U.S. Representative Kevin Kiley
U.S. Senators, California

Dear Mayor Hodge,

As your constituents and concerned Americans across the nation we urge you to VETO the ceasefire resolution (No. 2025-03).

Sadly, City Council members have allowed themselves to be pulled into a discussion about these resolutions, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, and in U.S. cities [1-3]. Considering you have no authority regarding foreign policy, have you considered that voting on these resolutions might be misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., AMP, CAIR, JVP, SJP, WOL) afflicting cities [4-8].

Israel pulled out of Gaza in 2005 as a gesture towards peace [9]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel for the last few decades [10-12]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by... Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [13]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [14]. Do you honestly believe Israel is dealing with a legitimate peace partner?

As an arm of the notorious Muslim Brotherhood [15], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try and delegitimize Israel [16]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [17-19]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages.

Please VETO this sham document.

Please bring a rational approach to a situation that has run amok.

Thank you,

Sunny Russ

Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens who ask you to VETO the ceasefire resolution (no. 2025-03), which is a strategy to cover up Hamas atrocities against Palestinians and Israelis.

Hundreds of mayors and city councils across this country have seen through the veneer of these sham documents and tabled them, voted NO, remained neutral, or VETOED them. These civil servants are heroes because they protected their cities from becoming conduits of terrorist propaganda.

We have watched in horror as protestors have overtaken city councils, commissions, and American university campuses with misinformation, extremist ideology, and violent conduct that undermine our democratic way of life and our peaceful communities.

THE TRUTH ABOUT “PRO-PALESTINIAN” PROTESTERS

The protesters claim to be an anti-war movement to stop the “genocide, apartheid, and occupation” [1] of the Palestinian people, but nothing can be further from the truth.

Students for Justice in Palestine (SJP) and other groups (AMP, CAIR, JVP, WOL, etc.) are funded by the Hamas terrorist organization [2-7]. As a propaganda arm of Hamas, their sole purpose is to radicalize and misinform city councils and campuses and create a massive disinformation campaign to delegitimize Israel and promote the annihilation of the Jewish State.

Their chant, “From the River to the Sea,” clearly states their intention [8]. If you listen carefully, however, their violent intentions do not stop with Israel. They promote antisemitism the world over with the ultimate goal of overturning democratic values as they chant “Death to America” [9-10]. Their philosophy is anchored in the Hamas Charter, which states in its introduction, “Israel will exist until Islam will obliterate it” and “Our struggle against the Jews is very great and very serious” [11]; and the radical Islamist Duaat entitled “How Islam will dominate the world” [12].

Pure logic and history upends the protesters' statements.

Only days after the heinous October 7 attacks on Israel, these protesters started their false accusations of "genocide" [13]. Here is the truth:

FALSE CLAIMS OF APARTHEID

Hamas' accusations of apartheid are false. Apartheid is defined as a system of legalized racial discrimination and segregation that deprives a racial group of their political and civil rights. In South Africa, for example, the white minority segregated Black Africans in housing, transportation, education, and stripped them of citizenship, and positions in government.

In Israel, all citizens whether Jewish, Arab, Armenian, Baha'i, Christian, Druze, Muslim, etc. have equal rights. They can live, work, and travel wherever they want and they are provided the same government services (e.g., health insurance, free public school, subsidized university education) equally. They attend the same universities and have the same voting power and opportunities. In fact, they hold positions in all industries (e.g., law, medicine, politics) – including positions as judges and members of the Knesset. Israel is a multi-racial society where the Arab citizens have full rights. Inciting racism or discrimination in Israel is a criminal offense [14].

FALSE CLAIMS OF COLONIALISM AND OCCUPATION

Predating Islam, the Jewish people arrived and established the independent Land of Israel in the second millennium B.C.E. and lived there for more than 1,600 years. In succession, the Babylonians, Persians, Greeks, and Romans conquered the land. Despite the efforts of Roman crusaders and some Muslims to make the country empty of Jews, thousands of Jews have lived for centuries in each of the holy cities of Jerusalem, Safad, Tiberius, and Hebron; and in Gaza, Rafah, Ashkelon, Caesarea, Jaffa, Acre, and Jericho. [15]. Moreover, archaeological evidence proves Jewish indigenosity, with cities populated by a Jewish majority prior to the establishment of the modern state of Israel [16].

It is absurd to claim that the Jews who returned to Israel starting in the last decades of the 19th century were colonialists and imperialists. For whom were these idealists working? They were not planting the flag of the antisemitic regimes of Russia, Poland, and Lithuania; and they were kicked out of Yemen, Iraq, Turkey, and North Africa. In fact, these Jewish refugees had to overcome Turkish, British, and Pan-Arab imperialism to achieve self-determination. They were fleeing pogroms and persecution, and wanted nothing to do with the countries from which they fled. They did not come to the land with weapons to conquer, but with rakes and hoes to cultivate often swamp-infested land they purchased from absentee landlords. Years later, after the Holocaust, the state of Israel was defined and established by international law (1948). The Israelis were ecstatic to live peacefully among their neighbors within the meager boundaries they were allotted in 1948, when five Arab countries attacked Israel in the War of Independence. This war was one of many that Muslim extremists committed against the Jewish state to deny Israel's right to exist [17].

In 1967 Egypt, Syria, and Jordan started a war with Israel. Hafiz al-Assad ordered his Syrian soldiers to "strike the enemy's [civilian] settlements, turn them into dust, pave the Arab roads with the skulls of the Jews, and strike them without mercy" [18]. Miraculously, Israel won the war and gained territory in the Sinai, Golan Heights, West Bank, Gaza, and East Jerusalem. In

1982, Israel gave the Sinai to Egypt, which has created peace between the countries [19].

With similar hope, Israel left Gaza in 2005 as one of many gestures of peace with its Arab neighbors that have been met with violence [20]. This is worth repeating. Since 2005, Israel has NOT occupied Gaza. In response, Hamas overtook Gaza, slaughtered Palestinian leaders, created 450 miles of terror tunnels, launched over 30,000 rockets at Israel, and on October 7 perpetrated the most heinous attacks on the Jewish people since the Holocaust including the kidnapping of Israelis, Americans, and Foreign Nationals still missing today [21-22].

FALSE CLAIMS THAT ISRAEL COMMITS GENOCIDE: HAMAS IS RESPONSIBLE FOR DEATHS OF PALESTINIANS

Both Hamas and the protesters' accusations of the Israel Defense Forces (IDF) are blatantly false. Numerous military leaders, including John Spencer (Former Chair of Urban Warfare Studies, WestPoint), testify that "Israel has implemented more measures to avoid civilian casualties than any other military in the history of war" including its use of precision weapons and the sending of leaflets, texts, and calls to Gazans ahead of airstrikes to provide time for them to evacuate targeted areas [23-25]. Sadly, terrorists boast of hiding among their own civilians to increase casualties [26].

Armies that fight defensive wars against terrorists in urban warfare generally have a civilian to casualty ratio of 4 to 60: 1; meaning 4 to 60 civilians are accidentally killed for every terrorist eliminated. This was true for U.S. and coalition troops in Mosul (2016-2017) [27]. However, Israel's ratio is 1:1, meaning they have reduced civilian casualties more than four to sixtyfold by comparison [28]. While the loss of innocent life is tragic, according to International Law (Article 51) these deaths fall squarely on Hamas [29].

Hamas leaders have admitted that they lie about numbers of civilian casualties [30], and statistical analysis proves that the Ministry of Health numbers are false [31].

Moreover, Palestinian civilians attest to the fact that Hamas steals food from aid trucks and murders Palestinians trying to reach the aid [32-35].

HAMAS' GLOBAL SUBTERFUGE VIA CITY COUNCIL PROTESTS

Hamas covers its atrocities against the Palestinian people (e.g., blocking safe passage corridors, hiding and firing weapons among civilians) [36-38] by sponsoring and supporting city council and worldwide protests on the Palestinians' behalf with the sole intent of delegitimizing Israel [39-41].

Donning the cloak of victimhood and resistance, Hamas's behavior is barbaric – igniting hatred and discrimination against Israel, worldwide Jewry, and democracy itself.

SUMMARY

This document proves that the claims aimed at Israel of apartheid, genocide, colonialism, and occupation - are patently FALSE.

After the barbaric attack on October 7th, Hamas is still holding and torturing hostages and

rebuilding its terror structure.

Allowing protesters like SJP, and groups like it (e.g., AMP, CAIR, JVP, WOL, etc.), to hijack local city councils only rewards and emboldens Hamas, endangers Israel and worldwide democracies, and prevents the Gazans from taking responsibility to unlearn hate and choose healthy governance so that they become viable peace partners.

The world is at an uncomfortable brink: Barbarism vs. Democracy. Rewarding barbarity and those that support it is a losing proposition.

Bold leadership, not capitulation, is the only strategy to keep communities safe.

We ask you to VETO this ceasefire resolution, which is a strategy designed by Hamas supporters to keep Hamas in power and continue to inflict carnage on the Palestinians and Israelis.

Please protect our community, democracy, and national security from misinformation and terrorist propaganda.

Sincerely,

Alan Kelman

Dear Mayor Hodge,

As your constituents and concerned Americans across the nation we urge you to VETO the ceasefire resolution (No. 2025-03). Sadly, City Council members have allowed themselves to be pulled into a discussion about these resolutions, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, and in U.S. cities [1-3]. Considering you have no authority regarding foreign policy, have you considered that voting on these resolutions might be misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., AMP, CAIR, JVP, SJP, WOL) afflicting cities [4-8]. Israel pulled out of Gaza in 2005 as a gesture towards peace [9]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel for the last few decades [10-12]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by... Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [13]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [14]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [15], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try and delegitimize Israel [16]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [17-19]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please VETO this sham document. Please bring a rational approach to a situation that has run amok. Hundreds of mayors and city councils across this country have seen through the veneer of these sham documents and tabled them, voted NO, remained neutral, or VETOED them. These civil servants are heroes because they protected their cities from becoming conduits of terrorist propaganda. We have watched in horror as protestors have overtaken city councils, commissions, and American university campuses with misinformation, extremist ideology, and violent conduct that undermine our democratic way of life and our peaceful communities. **THE TRUTH ABOUT "PRO-PALESTINIAN" PROTESTERS** The protesters claim to be an anti-war movement to stop the "genocide, apartheid, and occupation" [1] of the Palestinian people, but nothing can be further from the truth. Students for Justice in Palestine (SJP) and other groups (AMP, CAIR, JVP, WOL, etc.) are funded by the Hamas terrorist organization [2-7]. As a propaganda arm of Hamas, their sole purpose is to radicalize and misinform city councils and campuses and create a massive disinformation campaign to delegitimize Israel and promote the annihilation of the Jewish State. Their chant, "From the River to the Sea," clearly states their intention [8]. If you listen carefully, however, their violent intentions do not stop with Israel. They promote antisemitism the world over with the ultimate goal of overturning democratic values as they chant "Death to America" [9-10]. Their philosophy is anchored in the Hamas Charter, which states in its introduction, "Israel will exist until Islam will obliterate it" and "Our struggle against the Jews is very great and very serious" [11]; and the radical Islamist Duat entitled "How Islam will dominate the world" [12]. Pure logic and history upends the protesters' statements. Only days after the heinous October 7 attacks on Israel, these protesters started their false accusations of "genocide" [13]. Here is the truth: **FALSE CLAIMS OF APARTHEID** Hamas' accusations of apartheid are false. Apartheid is defined as a system of legalized racial discrimination and segregation that deprives a racial group of their political and civil rights. In South Africa, for example, the white minority segregated Black Africans in housing, transportation, education, and stripped them of citizenship, and positions in government. In Israel, all citizens whether Jewish, Arab, Armenian, Baha'i, Christian, Druze, Muslim, etc. have equal rights. They can live, work, and travel wherever they want and they are provided the same government services (e.g., health insurance, free public school, subsidized university education) equally. They attend the same universities and have the same voting power and opportunities. In fact, they hold positions in all industries (e.g., law, medicine, politics) – including positions as judges and members of the Knesset. Israel is a multi-racial society where the Arab citizens have full rights. Inciting racism or discrimination in Israel is a criminal offense [14]. **FALSE CLAIMS OF COLONIALISM AND OCCUPATION** Predating Islam, the Jewish people arrived and established the independent Land of Israel in the second millennium B.C.E. and lived there for more than 1,600 years. In succession, the Babylonians, Persians, Greeks, and Romans conquered the land. Despite the efforts of Roman crusaders and some Muslims to make the country empty of Jews, thousands

of Jews have lived for centuries in each of the holy cities of Jerusalem, Safad, Tiberius, and Hebron; and in Gaza, Rafah, Ashkelon, Caesarea, Jaffa, Acre, and Jericho. [15]. Moreover, archaeological evidence proves Jewish indigenously, with cities populated by a Jewish majority prior to the establishment of the modern state of Israel [16]. It is absurd to claim that the Jews who returned to Israel starting in the last decades of the 19th century were colonialists and imperialists. For whom were these idealists working? They were not planting the flag of the antisemitic regimes of Russia, Poland, and Lithuania; and they were kicked out of Yemen, Iraq, Turkey, and North Africa. In fact, these Jewish refugees had to overcome Turkish, British, and Pan-Arab imperialism to achieve self-determination. They were fleeing pogroms and persecution, and wanted nothing to do with the countries from which they fled. They did not come to the land with weapons to conquer, but with rakes and hoes to cultivate often swamp-infested land they purchased from absentee landlords. Years later, after the Holocaust, the state of Israel was defined and established by international law (1948). The Israelis were ecstatic to live peacefully among their neighbors within the meager boundaries they were allotted in 1948, when five Arab countries attacked Israel in the War of Independence. This war was one of many that Muslim extremists committed against the Jewish state to deny Israel's right to exist [17]. In 1967 Egypt, Syria, and Jordan started a war with Israel. Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens who ask you to VETO the ceasefire resolution (no. 2025-03), which is a strategy to cover up Hamas atrocities against Palestinians and Israelis.

Hundreds of mayors and city councils across this country have seen through the veneer of these sham documents and tabled them, voted NO, remained neutral, or VETOED them. These civil servants are heroes because they protected their cities from becoming conduits of terrorist propaganda.

We have watched in horror as protestors have overtaken city councils, commissions, and American university campuses with misinformation, extremist ideology, and violent conduct that undermine our democratic way of life and our peaceful communities.

THE TRUTH ABOUT “PRO-PALESTINIAN” PROTESTERS

The protesters claim to be an anti-war movement to stop the “genocide, apartheid, and occupation” [1] of the Palestinian people, but nothing can be further from the truth.

Students for Justice in Palestine (SJP) and other groups (AMP, CAIR, JVP, WOL, etc.) are funded by the Hamas terrorist organization [2-7]. Predating Islam, the Jewish people arrived and established the independent Land of Israel in the second millennium B.C.E. and lived there for more than 1,600 years. In succession, the Babylonians, Persians, Greeks, and Romans conquered the land. Despite the efforts of Roman crusaders and some Muslims to make the country empty of Jews, thousands of Jews have lived for centuries in each of the holy cities of Jerusalem, Safad, Tiberius, and Hebron; and in Gaza, Rafah, Ashkelon, Caesarea, Jaffa, Acre, and Jericho. [15]. Moreover, archaeological evidence proves Jewish indigenosity, with cities populated by a Jewish majority prior to the establishment of the modern state of Israel [16].

It is absurd to claim that the Jews who returned to Israel starting in the last decades of the 19th century were colonialists and imperialists. For whom were these idealists working? They were not planting the flag of the antisemitic regimes of Russia, Poland, and Lithuania; and they were kicked out of Yemen, Iraq, Turkey, and North Africa. In fact, these Jewish refugees had to overcome Turkish, British, and Pan-Arab imperialism to achieve self-determination. They were fleeing pogroms and persecution, and wanted nothing to do with the countries from which they fled. They did not come to the land with weapons to conquer, but with rakes and hoes to cultivate often swamp-infested land they purchased from absentee landlords. Years later, after the Holocaust, the state of Israel was defined and established by international law (1948). The Israelis were ecstatic to live peacefully among their neighbors within the meager boundaries they were allotted in 1948, when five Arab countries attacked Israel in the War of Independence. This war was one of many that Muslim extremists committed against the Jewish state to deny Israel's right to exist [17].

In 1967 Egypt, Syria, and Jordan started a war with Israel. Hafiz al-Assad ordered his Syrian soldiers to "strike the enemy's [civilian] settlements, turn them into dust, pave the Arab roads with the skulls of the Jews, and strike them without mercy" [18]. Miraculously, Israel won the war and gained territory in the Sinai, Golan Heights, West Bank, Gaza, and East Jerusalem. In

1982, Israel gave the Sinai to Egypt, which has created peace between the countries [19].

With similar hope, Israel left Gaza in 2005 as one of many gestures of peace with its Arab neighbors that have been met with violence [20]. This is worth repeating. Since 2005, Israel has NOT occupied Gaza. In response, Hamas overtook Gaza, slaughtered Palestinian leaders, created 450 miles of terror tunnels, launched over 30,000 rockets at Israel, and on October 7 perpetrated the most heinous attacks on the Jewish people since the Holocaust including the kidnapping of Israelis, Americans, and Foreign Nationals still missing today [21-22].

FALSE CLAIMS THAT ISRAEL COMMITS GENOCIDE: HAMAS IS RESPONSIBLE FOR DEATHS OF PALESTINIANS

Both Hamas and the protesters' accusations of the Israel Defense Forces (IDF) are blatantly false. Numerous military leaders, including John Spencer (Former Chair of Urban Warfare Studies, WestPoint), testify that "Israel has implemented more measures to avoid civilian casualties than any other military in the history of war" including its use of precision weapons and the sending of leaflets, texts, and calls to Gazans ahead of airstrikes to provide time for them to evacuate targeted areas [23-25]. Sadly, terrorists boast of hiding among their own civilians to increase casualties [26].

Armies that fight defensive wars against terrorists in urban warfare generally have a civilian to casualty ratio of 4 to 60: 1; meaning 4 to 60 civilians are accidentally killed for every terrorist eliminated. This was true for U.S. and coalition troops in Mosul (2016-2017) [27]. However, Israel's ratio is 1:1, meaning they have reduced civilian casualties more than four to sixtyfold by comparison [28]. While the loss of innocent life is tragic, according to International Law (Article 51) these deaths fall squarely on Hamas [29].

Hamas leaders have admitted that they lie about numbers of civilian casualties [30], and statistical analysis proves that the Ministry of Health numbers are false [31].

Moreover, Palestinian civilians attest to the fact that Hamas steals food from aid trucks and murders Palestinians trying to reach the aid [32-35].

HAMAS' GLOBAL SUBTERFUGE VIA CITY COUNCIL PROTESTS

Hamas covers its atrocities against the Palestinian people (e.g., blocking safe passage corridors, hiding and firing weapons among civilians) [36-38] by sponsoring and supporting city council and worldwide protests on the Palestinians' behalf with the sole intent of delegitimizing Israel [39-41].

Donning the cloak of victimhood and resistance, Hamas's behavior is barbaric – igniting hatred and discrimination against Israel, worldwide Jewry, and democracy itself.

SUMMARY

This document proves that the claims aimed at Israel of apartheid, genocide, colonialism, and occupation - are patently FALSE.

After the barbaric attack on October 7th, Hamas is still holding and torturing hostages and

rebuilding its terror structure.

Allowing protesters like SJP, and groups like it (e.g., AMP, CAIR, JVP, WOL, etc.), to hijack local city councils only rewards and emboldens Hamas, endangers Israel and worldwide democracies, and prevents the Gazans from taking responsibility to unlearn hate and choose healthy governance so that they become viable peace partners.

The world is at an uncomfortable brink: Barbarism vs. Democracy. Rewarding barbarity and those that support it is a losing proposition.

Bold leadership, not capitulation, is the only strategy to keep communities safe.

We ask you to VETO this ceasefire resolution, which is a strategy designed by Hamas supporters to keep Hamas in power and continue to inflict carnage on the Palestinians and Israelis.

Please protect our community, democracy, and national security from misinformation and terrorist propaganda.

Sincerely,

Java Solis

Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens who ask you to VETO the ceasefire resolution (no. 2025-03), which is a strategy to cover up Hamas atrocities against Palestinians and Israelis.

Hundreds of mayors and city councils across this country have seen through the veneer of these sham documents and tabled them, voted NO, remained neutral, or VETOED them. These civil servants are heroes because they protected their cities from becoming conduits of terrorist propaganda.

We have watched in horror as protestors have overtaken city councils, commissions, and American university campuses with misinformation, extremist ideology, and violent conduct that undermine our democratic way of life and our peaceful communities.

THE TRUTH ABOUT “PRO-PALESTINIAN” PROTESTERS

The protesters claim to be an anti-war movement to stop the “genocide, apartheid, and occupation” [1] of the Palestinian people, but nothing can be further from the truth.

Students for Justice in Palestine (SJP) and other groups (AMP, CAIR, JVP, WOL, etc.) are funded by the Hamas terrorist organization [2-7]. As a propaganda arm of Hamas, their sole purpose is to radicalize and misinform city councils and campuses and create a massive disinformation campaign to delegitimize Israel and promote the annihilation of the Jewish State.

Their chant, “From the River to the Sea,” clearly states their intention [8]. If you listen carefully, however, their violent intentions do not stop with Israel. They promote antisemitism the world over with the ultimate goal of overturning democratic values as they chant “Death to America” [9-10]. Their philosophy is anchored in the Hamas Charter, which states in its introduction, “Israel will exist until Islam will obliterate it” and “Our struggle against the Jews is very great and very serious” [11]; and the radical Islamist Duaat entitled “How Islam will dominate the world” [12].

Pure logic and history upends the protesters' statements.

Only days after the heinous October 7 attacks on Israel, these protesters started their false accusations of "genocide" [13]. Here is the truth:

FALSE CLAIMS OF APARTHEID

Hamas' accusations of apartheid are false. Apartheid is defined as a system of legalized racial discrimination and segregation that deprives a racial group of their political and civil rights. In South Africa, for example, the white minority segregated Black Africans in housing, transportation, education, and stripped them of citizenship, and positions in government.

In Israel, all citizens whether Jewish, Arab, Armenian, Baha'i, Christian, Druze, Muslim, etc. have equal rights. They can live, work, and travel wherever they want and they are provided the same government services (e.g., health insurance, free public school, subsidized university education) equally. They attend the same universities and have the same voting power and opportunities. In fact, they hold positions in all industries (e.g., law, medicine, politics) – including positions as judges and members of the Knesset. Israel is a multi-racial society where the Arab citizens have full rights. Inciting racism or discrimination in Israel is a criminal offense [14].

FALSE CLAIMS OF COLONIALISM AND OCCUPATION

Predating Islam, the Jewish people arrived and established the independent Land of Israel in the second millennium B.C.E. and lived there for more than 1,600 years. This document proves that the claims aimed at Israel of apartheid, genocide, colonialism, and occupation - are patently FALSE.

After the barbaric attack on October 7th, Hamas is still holding and torturing hostages and

rebuilding its terror structure.

Allowing protesters like SJP, and groups like it (e.g., AMP, CAIR, JVP, WOL, etc.), to hijack local city councils only rewards and emboldens Hamas, endangers Israel and worldwide democracies, and prevents the Gazans from taking responsibility to unlearn hate and choose healthy governance so that they become viable peace partners.

The world is at an uncomfortable brink: Barbarism vs. Democracy. Rewarding barbarity and those that support it is a losing proposition.

Bold leadership, not capitulation, is the only strategy to keep communities safe.

We ask you to VETO this ceasefire resolution, which is a strategy designed by Hamas supporters to keep Hamas in power and continue to inflict carnage on the Palestinians and Israelis.

Please protect our community, democracy, and national security from misinformation and terrorist propaganda.

Sincerely,

Ava Preis

Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens who ask you to VETO the ceasefire resolution (no. 2025-03), which is a strategy to cover up Hamas atrocities against Palestinians and Israelis.

Hundreds of mayors and city councils across this country have seen through the veneer of these sham documents and tabled them, voted NO, remained neutral, or VETOED them. These civil servants are heroes because they protected their cities from becoming conduits of terrorist propaganda.

We have watched in horror as protestors have overtaken city councils, commissions, and American university campuses with misinformation, extremist ideology, and violent conduct that undermine our democratic way of life and our peaceful communities.

THE TRUTH ABOUT “PRO-PALESTINIAN” PROTESTERS

The protesters claim to be an anti-war movement to stop the “genocide, apartheid, and occupation” [1] of the Palestinian people, but nothing can be further from the truth.

Students for Justice in Palestine (SJP) and other groups (AMP, CAIR, JVP, WOL, etc.) are funded by the Hamas terrorist organization [2-7]. As a propaganda arm of Hamas, their sole purpose is to radicalize and misinform city councils and campuses and create a massive disinformation campaign to delegitimize Israel and promote the annihilation of the Jewish State.

Their chant, “From the River to the Sea,” clearly states their intention [8]. If you listen carefully, however, their violent intentions do not stop with Israel. They promote antisemitism the world over with the ultimate goal of overturning democratic values as they chant “Death to America” [9-10]. Their philosophy is anchored in the Hamas Charter, which states in its introduction, “Israel will exist until Islam will obliterate it” and “Our struggle against the Jews is very great and very serious” [11]; and the radical Islamist Duaat entitled “How Islam will dominate the world” [12].

Pure logic and history upends the protesters' statements.

Only days after the heinous October 7 attacks on Israel, these protesters started their false accusations of "genocide" [13]. Here is the truth:

FALSE CLAIMS OF APARTHEID

Hamas' accusations of apartheid are false. Apartheid is defined as a system of legalized racial discrimination and segregation that deprives a racial group of their political and civil rights. In South Africa, for example, the white minority segregated Black Africans in housing, transportation, education, and stripped them of citizenship, and positions in government.

In Israel, all citizens whether Jewish, Arab, Armenian, Baha'i, Christian, Druze, Muslim, etc. have equal rights. They can live, work, and travel wherever they want and they are provided the same government services (e.g., health insurance, free public school, subsidized university education) equally. They attend the same universities and have the same voting power and opportunities. In fact, they hold positions in all industries (e.g., law, medicine, politics) – including positions as judges and members of the Knesset. Israel is a multi-racial society where the Arab citizens have full rights. Inciting racism or discrimination in Israel is a criminal offense [14].

FALSE CLAIMS OF COLONIALISM AND OCCUPATION

Predating Islam, the Jewish people arrived and established the independent Land of Israel in the second millennium B.C.E. and lived there for more than 1,600 years. In succession, the Babylonians, Persians, Greeks, and Romans conquered the land. Despite the efforts of Roman crusaders and some Muslims to make the country empty of Jews, thousands of Jews have lived for centuries in each of the holy cities of Jerusalem, Safad, Tiberius, and Hebron; and in Gaza, Rafah, Ashkelon, Caesarea, Jaffa, Acre, and Jericho. [15]. Moreover, archaeological evidence proves Jewish indigenosity, with cities populated by a Jewish majority prior to the establishment of the modern state of Israel [16].

It is absurd to claim that the Jews who returned to Israel starting in the last decades of the 19th century were colonialists and imperialists. For whom were these idealists working? They were not planting the flag of the antisemitic regimes of Russia, Poland, and Lithuania; and they were kicked out of Yemen, Iraq, Turkey, and North Africa. In fact, these Jewish refugees had to overcome Turkish, British, and Pan-Arab imperialism to achieve self-determination. They were fleeing pogroms and persecution, and wanted nothing to do with the countries from which they fled. They did not come to the land with weapons to conquer, but with rakes and hoes to cultivate often swamp-infested land they purchased from absentee landlords. Years later, after the Holocaust, the state of Israel was defined and established by international law (1948). The Israelis were ecstatic to live peacefully among their neighbors within the meager boundaries they were allotted in 1948, when five Arab countries attacked Israel in the War of Independence. This war was one of many that Muslim extremists committed against the Jewish state to deny Israel's right to exist [17].

In 1967 Egypt, Syria, and Jordan started a war with Israel. Hafiz al-Assad ordered his Syrian soldiers to "strike the enemy's [civilian] settlements, turn them into dust, pave the Arab roads with the skulls of the Jews, and strike them without mercy" [18]. Miraculously, Israel won the war and gained territory in the Sinai, Golan Heights, West Bank, Gaza, and East Jerusalem. In

1982, Israel gave the Sinai to Egypt, which has created peace between the countries [19].

With similar hope, Israel left Gaza in 2005 as one of many gestures of peace with its Arab neighbors that have been met with violence [20]. This is worth repeating. Since 2005, Israel has NOT occupied Gaza. In response, Hamas overtook Gaza, slaughtered Palestinian leaders, created 450 miles of terror tunnels, launched over 30,000 rockets at Israel, and on October 7 perpetrated the most heinous attacks on the Jewish people since the Holocaust including the kidnapping of Israelis, Americans, and Foreign Nationals still missing today [21-22].

FALSE CLAIMS THAT ISRAEL COMMITS GENOCIDE: HAMAS IS RESPONSIBLE FOR DEATHS OF PALESTINIANS

Both Hamas and the protesters' accusations of the Israel Defense Forces (IDF) are blatantly false. Numerous military leaders, including John Spencer (Former Chair of Urban Warfare Studies, WestPoint), testify that "Israel has implemented more measures to avoid civilian casualties than any other military in the history of war" including its use of precision weapons and the sending of leaflets, texts, and calls to Gazans ahead of airstrikes to provide time for them to evacuate targeted areas [23-25]. Sadly, terrorists boast of hiding among their own civilians to increase casualties [26].

Armies that fight defensive wars against terrorists in urban warfare generally have a civilian to casualty ratio of 4 to 60: 1; meaning 4 to 60 civilians are accidentally killed for every terrorist eliminated. This was true for U.S. and coalition troops in Mosul (2016-2017) [27]. However, Israel's ratio is 1:1, meaning they have reduced civilian casualties more than four to sixtyfold by comparison [28]. While the loss of innocent life is tragic, according to International Law (Article 51) these deaths fall squarely on Hamas [29].

Hamas leaders have admitted that they lie about numbers of civilian casualties [30], and statistical analysis proves that the Ministry of Health numbers are false [31].

Moreover, Palestinian civilians attest to the fact that Hamas steals food from aid trucks and murders Palestinians trying to reach the aid [32-35].

HAMAS' GLOBAL SUBTERFUGE VIA CITY COUNCIL PROTESTS

Hamas covers its atrocities against the Palestinian people (e.g., blocking safe passage corridors, hiding and firing weapons among civilians) [36-38] by sponsoring and supporting city council and worldwide protests on the Palestinians' behalf with the sole intent of delegitimizing Israel [39-41].

Donning the cloak of victimhood and resistance, Hamas's behavior is barbaric – igniting hatred and discrimination against Israel, worldwide Jewry, and democracy itself.

SUMMARY

This document proves that the claims aimed at Israel of apartheid, genocide, colonialism, and occupation - are patently FALSE.

Israel is a multi-racial society where the Arab citizens have full rights. Inciting racism or discrimination in Israel is a criminal offense [14].

FALSE CLAIMS OF COLONIALISM AND OCCUPATION

Predating Islam, the Jewish people arrived and established the independent Land of Israel in the second millennium B.C.E. and lived there for more than 1,600 years. In succession, the Babylonians, Persians, Greeks, and Romans conquered the land. Despite the efforts of Roman crusaders and some Muslims to make the country empty of Jews, thousands of Jews have lived for centuries in each of the holy cities of Jerusalem, Safad, Tiberius, and Hebron; and in Gaza, Rafah, Ashkelon, Caesarea, Jaffa, Acre, and Jericho. [15]. Moreover, archaeological evidence proves Jewish indigenosity, with cities populated by a Jewish majority prior to the establishment of the modern state of Israel [16].

It is absurd to claim that the Jews who returned to Israel starting in the last decades of the 19th century were colonialists and imperialists. For whom were these idealists working? They were not planting the flag of the antisemitic regimes of Russia, Poland, and Lithuania; and they were kicked out of Yemen, Iraq, Turkey, and North Africa. In fact, these Jewish refugees had to overcome Turkish, British, and Pan-Arab imperialism to achieve self-determination. They were fleeing pogroms and persecution, and wanted nothing to do with the countries from which they fled. They did not come to the land with weapons to conquer, but with rakes and hoes to cultivate often swamp-infested land they purchased from absentee landlords. Years later, after the Holocaust, the state of Israel was defined and established by international law (1948). The Israelis were ecstatic to live peacefully among their neighbors within the meager boundaries they were allotted in 1948, when five Arab countries attacked Israel in the War of Independence. This war was one of many that Muslim extremists committed against the Jewish state to deny Israel's right to exist [17].

In 1967 Egypt, Syria, and Jordan started a war with Israel. Hafiz al-Assad ordered his Syrian soldiers to "strike the enemy's [civilian] settlements, turn them into dust, pave the Arab roads with the skulls of the Jews, and strike them without mercy" [18]. Miraculously, Israel won the war and gained territory in the Sinai, Golan Heights, West Bank, Gaza, and East Jerusalem. In

1982, Israel gave the Sinai to Egypt, which has created peace between the countries [19].

With similar hope, Israel left Gaza in 2005 as one of many gestures of peace with its Arab neighbors that have been met with violence [20]. This is worth repeating. Since 2005, Israel has NOT occupied Gaza. In response, Hamas overtook Gaza, slaughtered Palestinian leaders, created 450 miles of terror tunnels, launched over 30,000 rockets at Israel, and on October 7 perpetrated the most heinous attacks on the Jewish people since the Holocaust including the kidnapping of Israelis, Americans, and Foreign Nationals still missing today [21-22].

FALSE CLAIMS THAT ISRAEL COMMITS GENOCIDE: HAMAS IS RESPONSIBLE FOR DEATHS OF PALESTINIANS

Both Hamas and the protesters' accusations of the Israel Defense Forces (IDF) are blatantly false. Numerous military leaders, including John Spencer (Former Chair of Urban Warfare Studies, WestPoint), testify that "Israel has implemented more measures to avoid civilian casualties than any other military in the history of war" including its use of precision weapons and the sending of leaflets, texts, and calls to Gazans ahead of airstrikes to provide time for them to evacuate targeted areas [23-25]. Sadly, terrorists boast of hiding among their own civilians to increase casualties [26].

Armies that fight defensive wars against terrorists in urban warfare generally have a civilian to casualty ratio of 4 to 60: 1; meaning 4 to 60 civilians are accidentally killed for every terrorist eliminated. This was true for U.S. and coalition troops in Mosul (2016-2017) [27]. However, Israel's ratio is 1:1, meaning they have reduced civilian casualties more than four to sixtyfold by comparison [28]. While the loss of innocent life is tragic, according to International Law (Article 51) these deaths fall squarely on Hamas [29].

Hamas leaders have admitted that they lie about numbers of civilian casualties [30], and statistical analysis proves that the Ministry of Health numbers are false [31].

Moreover, Palestinian civilians attest to the fact that Hamas steals food from aid trucks and murders Palestinians trying to reach the aid [32-35].

HAMAS' GLOBAL SUBTERFUGE VIA CITY COUNCIL PROTESTS

Hamas covers its atrocities against the Palestinian people (e.g., blocking safe passage corridors, hiding and firing weapons among civilians) [36-38] by sponsoring and supporting city council and worldwide protests on the Palestinians' behalf with the sole intent of delegitimizing Israel [39-41].

Donning the cloak of victimhood and resistance, Hamas's behavior is barbaric – igniting hatred and discrimination against Israel, worldwide Jewry, and democracy itself.

SUMMARY

This document proves that the claims aimed at Israel of apartheid, genocide, colonialism, and occupation - are patently FALSE.

After the barbaric attack on October 7th, Hamas is still holding and torturing hostages and

rebuilding its terror structure.

Allowing protesters like SJP, and groups like it (e.g., AMP, CAIR, JVP, WOL, etc.), to hijack local city councils only rewards and emboldens Hamas, endangers Israel and worldwide democracies, and prevents the Gazans from taking responsibility to unlearn hate and choose healthy governance so that they become viable peace partners.

The world is at an uncomfortable brink: Barbarism vs. Democracy. Rewarding barbarity and those that support it is a losing proposition.

Bold leadership, not capitulation, is the only strategy to keep communities safe.

We ask you to VETO this ceasefire resolution, which is a strategy designed by Hamas supporters to keep Hamas in power and continue to inflict carnage on the Palestinians and Israelis.

Please protect our community, democracy, and national security from misinformation and terrorist propaganda.

Sincerely,
Siobhan van den Berg

Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens who ask you to VETO the ceasefire resolution (no. 2025-03), which is a strategy to cover up Hamas atrocities against Palestinians and Israelis.

Hundreds of mayors and city councils across this country have seen through the veneer of these sham documents and tabled them, voted NO, remained neutral, or VETOED them. These civil servants are heroes because they protected their cities from becoming conduits of terrorist propaganda.

We have watched in horror as protestors have overtaken city councils, commissions, and American university campuses with misinformation, extremist ideology, and violent conduct that undermine our democratic way of life and our peaceful communities.

THE TRUTH ABOUT “PRO-PALESTINIAN” PROTESTERS

The protesters claim to be an anti-war movement to stop the “genocide, apartheid, and occupation” [1] of the Palestinian people, but nothing can be further from the truth.

Students for Justice in Palestine (SJP) and other groups (AMP, CAIR, JVP, WOL, etc.) are funded by the Hamas terrorist organization [2-7]. As a propaganda arm of Hamas, their sole purpose is to radicalize and misinform city councils and campuses and create a massive disinformation campaign to delegitimize Israel and promote the annihilation of the Jewish State.

Their chant, “From the River to the Sea,” clearly states their intention [8]. If you listen carefully, however, their violent intentions do not stop with Israel. They promote antisemitism the world over with the ultimate goal of overturning democratic values as they chant “Death to America” [9-10]. Their philosophy is anchored in the Hamas Charter, which states in its introduction, “Israel will exist until Islam will obliterate it” and “Our struggle against the Jews is very great and very serious” [11]; and the radical Islamist Duaat entitled “How Islam will dominate the world” [12].

Pure logic and history upends the protesters’ statements.

Only days after the heinous October 7 attacks on Israel, these protesters started their false accusations of “genocide” [13]. Here is the truth:

FALSE CLAIMS OF APARTHEID

Hamas’ accusations of apartheid are false. Apartheid is defined as a system of legalized racial discrimination and segregation that deprives a racial group of their political and civil rights. In South Africa, for example, the white minority segregated Black Africans in housing, transportation, education, and stripped them of citizenship, and positions in government.

In Israel, all citizens whether Jewish, Arab, Armenian, Baha’i, Christian, Druze, Muslim, etc. have equal rights. They can live, work, and travel wherever they want and they are provided the same government services (e.g., health insurance, free public school, subsidized university education) equally. They attend the same universities and have the same voting power and opportunities. In fact, they hold positions in all industries (e.g., law, medicine, politics) – including positions as judges and members of the Knesset. Israel is a multi-racial society where the Arab citizens have full rights. Inciting racism or discrimination in Israel is a criminal offense [14].

FALSE CLAIMS OF COLONIALISM AND OCCUPATION

Armies that fight defensive wars against terrorists in urban warfare generally have a civilian to casualty ratio of 4 to 60: 1; meaning 4 to 60 civilians are accidentally killed for every terrorist eliminated. This was true for U.S. and coalition troops in Mosul (2016-2017) [27]. However, Israel's ratio is 1:1, meaning they have reduced civilian casualties more than four to sixtyfold by comparison [28]. While the loss of innocent life is tragic, according to International Law (Article 51) these deaths fall squarely on Hamas [29].

Hamas leaders have admitted that they lie about numbers of civilian casualties [30], and statistical analysis proves that the Ministry of Health numbers are false [31].

Moreover, Palestinian civilians attest to the fact that Hamas steals food from aid trucks and murders Palestinians trying to reach the aid [32-35].

HAMAS' GLOBAL SUBTERFUGE VIA CITY COUNCIL PROTESTS

Hamas covers its atrocities against the Palestinian people (e.g., blocking safe passage corridors, hiding and firing weapons among civilians) [36-38] by sponsoring and supporting city council and worldwide protests on the Palestinians' behalf with the sole intent of delegitimizing Israel [39-41].

Donning the cloak of victimhood and resistance, Hamas's behavior is barbaric – igniting hatred and discrimination against Israel, worldwide Jewry, and democracy itself.

SUMMARY

This document proves that the claims aimed at Israel of apartheid, genocide, colonialism, and occupation - are patently FALSE.

After the barbaric attack on October 7th, Hamas is still holding and torturing hostages and rebuilding its terror structure.

Allowing protesters like SJP, and groups like it (e.g., AMP, CAIR, JVP, WOL, etc.), to hijack local city councils only rewards and emboldens Hamas, endangers Israel and worldwide democracies, and prevents the Gazans from taking responsibility to unlearn hate and choose healthy governance so that they become viable peace partners.

The world is at an uncomfortable brink: Barbarism vs. Democracy. Rewarding barbarity and those that support it is a losing proposition.

Bold leadership, not capitulation, is the only strategy to keep communities safe.

We ask you to VETO this ceasefire resolution, which is a strategy designed by Hamas supporters to keep Hamas in power and continue to inflict carnage on the Palestinians and Israelis.

Please protect our community, democracy, and national security from misinformation and terrorist propaganda.

Sincerely,

“This is your democracy. Make it. Protect it. Pass it on.”
- Justice Thurgood Marshall

Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens, including Palestinian and Israeli peace activists. We are shocked that Grass Valley, California opened the door to become a conduit for terrorist propaganda. We ask you to VETO the recent ceasefire resolution (No. 2025-03) immediately.

We ask you please to read this letter in its entirety to understand our request.

A careful read of the ceasefire resolution that unjustly vilifies Israel will reveal the writers' intentional and glaring omission – a description of the horrors that Hamas has unleashed against both the Palestinians and Israelis.

These documents' disingenuous implication that the suffering of the Palestinians in Gaza is because of Israel are false as are the claims of genocide by Israel against the Palestinian people. It is HAMAS that perpetuates genocide on the Israelis and it is HAMAS that perpetuates egregious Palestinian casualties. It is blatantly false to claim that the only remedies are an Israeli ceasefire. This serves to keep Hamas in power.

HAMAS IS A TERRORIST ORGANIZATION

What the resolution's authors obfuscate is that Hamas is designated as a terrorist organization by the U.S.A. and 27 other countries (1).

Hamas' charter is explicit – their war is not just about land (2). Rather, it is about wiping out democracy, Jewish people, Christians, and all 'infidels.' As Senior Hamas Mahmoud Al-Zahar states in this video (12-12-22), which we encourage you to watch:

“The entire 510 million square kilometers of Planet Earth will come under [a system] where there is no injustice, no oppression, no treachery, no Zionism, no treacherous Christianity” (3).

Hamas' violence, however, is not saved just for the 'infidel.' Hamas turns this violence steadily against its own people, the Palestinians.

Below is a description of Palestinian daily life under Hamas' rule, which is vital information for you to make an informed decision.

HAMAS ROBBED GAZA FROM THE PALESTINIANS

Since 2005, Israel has been out of Gaza (4), which could have become a renowned seaside resort – with jobs and a vibrant economy. Sadly, Hamas stole billions of dollars of UNRWA aid from the Palestinians. Instead of using this money towards infrastructure, Hamas and UNRWA used it to create 450 miles of terror tunnels to commit the worst genocide of Jewish people since the Holocaust on October 7 (5).

HAMAS' VIOLENT COUP OF GAZA

In January 2006, Hamas won the majority of the seats in the Palestinian government. In June 2007, Hamas took over Gaza in a bloody coup, by throwing Fatah fighters off roofs of buildings (6, 7) and marching Fatah soldiers half naked and blindfolded in the street - executing them point blank (8,9).

HAMAS WEAPONIZES PALESTINIAN YOUTH

The UNRWA-Hamas partnership has poisoned over 545,000 Palestinian children through its P.A. curriculum that teaches hatred of Jewish People and Israel, and promotes violence, jihad, 'martyrdom culture,' and omits teaching about peace and co-existence. 80 UNRWA teachers and staff across more than 30 schools teach hateful content in their textbooks (10), and numerous Hamas terrorists have graduated from these schools (11, 12).

Since these children are instructed to be murder weapons for a terrorist group, Hamas and UNRWA are directly responsible for all the murders they commit, and for their untimely deaths as terrorists, suicide bombers, and as shields for Hamas (13, 14).

HAMAS' EXTREME VIOLENCE AGAINST DISSENTERS

Palestinian children and adults are exposed to daily violence by Hamas. It is common for a Palestinian child to walk to school and see a severed head roll by, Gazans hanging dead from electrical wires, Gazans being dragged across town by their feet, or a woman's head being chopped off with an ax while she is doing laundry. What are these people's 'crimes?' They are Gazans who want to live and work peacefully with the Israelis (15, 16).

Sheikh Mohammed Mushtaha, a Gazan mosque preacher, refused to praise Hamas in his sermon to a group of thousands. On 12/30/23 Hamas fighters violently stormed his house and kidnapped him (17).

HAMAS VIOLENCE: MUSIC, LGBTQIA+, AND CHRISTIANS

Hamas murders people for playing music at weddings (18), tortures and murders people who are LGBTQIA+ (19), and mistreats Christians by attacking their churches, threatening their leaders, and kidnapping Christian youth (20, 21).

HAMAS PURPOSELY INCREASES PALESTINIAN DEATHS

Hamas leaders have admitted that not only do they strategically use Palestinian civilians as shields, but they also know that Israel does NOT want to harm Palestinian civilians (22).

Hamas intentionally blocks safe passage corridors created by Israel, threatens to murder civilians who wish to evacuate (23), and hides munitions in hospitals, schools, homes, and mosques to INCREASE civilian casualties in order to impede Israeli military operations, demoralize Israel, and delegitimize Israel in the eyes of the world (24, 25). Hamas also loots aid trucks and murders Palestinians trying to get to the aid (26, 27, 28).

Loss of human life is tragic and according to logic and international law, these deaths, and the deaths of the terrorists themselves, fall squarely on the shoulders of Hamas (29).

ISRAEL PROTECTS PALESTINIAN CIVILIAN LIVES

Moreover, numerous war experts (30-32), including John Spencer, Chief of Urban Warfare Studies at WestPoint, laud the Israel Defense Force (IDF) for being the most moral army in the world. He said, “Israel has implemented more measures to avoid civilian casualties than any other military in the history of war” (33). From the IDF’s use of precision weapons to avoid collateral damage, to (leaflets) (34), texts, and calls to Gazan civilians ahead of airstrikes, to evacuating urban areas before attacking Hamas outposts, “No military in the world has ever done this” (35).

In fact on May 15, 2024, over 80 U.S. military generals, with expertise in the Middle East, have attested to the FACT that Israel follows international rules of war while Hamas ABUSES these rules to endanger civilian life (36).

Unprecedented in the entire world, Israel endangers its own soldiers to protect civilians (37).

FOOD AND AID

The world must speak out about what Hamas is doing to starve the Palestinian population. Despite the fact that the onus of this starvation falls squarely on Hamas, Israel sends in food and aid trucks because they care about civilian lives! Hamas loots these trucks and murders Palestinians trying to get to the aid (38 – 41).

HAMAS LIES

Hamas uses lies and disinformation as a strategic P.R. weapon. Hamas lied in 2002, 2009, 2012, and 2014 regarding numbers of civilian casualties (42, 43). In fact, months after the 2009 war, the Hamas leader, Fathi Hamad, admitted that Hamas lied about the number of civilian casualties and that Israel’s numbers were correct (44).

In this conflict, when a Palestinian rocket exploded the Al-Ahli hospital, Hamas quickly blamed the Israelis and the media perpetuated these lies. After an investigation and video footage, the truth was discovered (45).

Recent statistical analysis of the Hamas Ministry of Health numbers of casualties uncover that they are statistically impossible. See the analysis here (46, 47).

Armies that fight a defensive war against terrorists in urban warfare have a civilian to terrorist

casualty ratio of 4 to 60:1; meaning 4 to 60 civilians are accidentally killed for every terrorist that is eliminated. Israel's ratio is 1:1, meaning they have reduced civilian casualties four to sixtyfold by comparison (48). According to international law (Article 51) and ethics, all of these civilian casualties fall on Hamas' shoulders.

HAMAS VIOLENCE AGAINST ISRAEL

Despite the fact that Israel has offered peace agreements with the Palestinians on at least five occasions (49), Hamas has fired over 30,000 rockets at Israeli civilians since 2001 (50, 51).

On October 7 Hamas, UNRWA employees, and Palestinians high on illegal narcotics (52) brutally raped, burned, beheaded, maimed, and murdered 1,200 Israeli civilians, and took more than 240 hostages, including Americans, and Foreign Nationals in an act of pure genocide (53). Hamas is still holding these innocent hostages (54).

IN SUMMARY:

This resolution contains FALSE accusations against Israel ("genocide," "ethnic cleansing"). This letter shows that there is NO genocide by Israel against the Palestinians.

Moreover, this resolution is created by Hamas-funded terrorist network support groups and lobbyists (e.g., CAIR, AMP, SJP, etc.) and are meant to hide what Hamas does to keep them in power (55-57). Please, do not fall for it.

Leaving Hamas in power perpetuates brutality against the Palestinians and heinous terrorist attacks on Israel. When you say 'cease fire now,' you might think you are protecting innocent people. What you are doing, however, is allowing Hamas' brutal leaders to retrench and re-strengthen. In essence, you are hurting the people you say you are concerned about.

How can you help Palestinians and Israelis?

Call for Hamas' unconditional surrender and return of all the hostages. Only that will stop the terror attacks against Israel and Hamas' brutality against the Gazan civilians themselves.

Sincerely,

Alan Kelman

Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens who are asking you to VETO the ceasefire resolution.

Please read this document in its entirety.

The defined role of your council is to value and protect your city and not engage in international affairs.

Have you wondered why this is the only issue that ignites such passion when numerous other global crises demand attention? Are you addressing the following humanitarian disasters with the same urgency?

- (1) Rohingya Crisis in Myanmar (2017-Present): Myanmar Buddhist military massacred, raped and displaced over 700,000 Rohingya Muslims. [1].
- (2) Uyghur Detention Camps in China (Ongoing): China has put 1 million Muslim Uyghurs in mass detention camps where they are subject to forced labor and sterilization [2].
- (3) Yemini Civil War (Ongoing): Muslim civil war. More than four million displaced. Attacks on civilians, hunger, disease. [3].
- (4) Syrian Civil War (Ongoing): Muslim civil war. Widespread atrocities, chemical attacks on civilians; shooting protesters. 470,000 dead, 1 million injured; 13.1 million need humanitarian aid [4].
- (5) Sudanese enslavement (Ongoing): Arab Muslims have slaughtered 2.5 million black Sudanese Christians and enslaved 200,000. Jihadists have kidnapped many black Christian girls [5].

(6) Gender apartheid: Hundreds of millions of women in Muslim countries are second class citizens subject to beatings, sexual violence, honor killings, and genital mutilation [6].

These crises describe the offensive targeting of innocents perpetrated by Buddhists, the Chinese, and Muslims. In response to these crises, it would be absurd to justify harassment, segregation, and violence towards Buddhist, Chinese, or Muslim Americans on U.S. campuses, K-12 schools, social media, restaurants, subways, and streets.

Unlike the abovementioned crises, the Israel-Hamas conflict is a DEFENSIVE war that Hamas thrust on the democratic country of Israel on October 7th – targeting and murdering 1,200 civilians and taking hundreds of hostages (American, Israeli, and Foreign Nationals) after firing over 30,000 rockets into Israel for decades [7].

Notably, this was after Israel moved out of Gaza in 2005 – as one of its numerous gestures of peace that have been rejected and met with increased violence [8].

The innocent lives lost in this war is tragic. However, under International Humanitarian Law, Israelis have a duty and right to protect their civilians from these attacks by defeating Hamas and rescuing the hostages [9].

Hamas ADMITS to burrowing itself within the civilian Palestinian population to increase civilian deaths in order to create world protests and delegitimize Israel [10].

However, according to International Humanitarian Law the responsibility for ALL lives lost falls squarely on Hamas' shoulders. Does this council realize that when America fights against terrorists, they accidentally kill 4 to 60 civilians per terrorist eliminated? Israel's ratio is 1:1. While all innocent deaths are a tragedy, Israel's commitment to fighting ethically outshines every military in the world [11].

These ceasefire resolutions are part of a global agenda – to delegitimize and destroy the one Jewish State and justify harassment, segregation, and violence towards Jews on U.S. campuses, subway cars, restaurants, and the world [12-15].

Just listen to the chants: “From the river to the sea;” “We don't want a two-state;” “Long live October 7th;” “October 7th again;” “Long live the intifada!”

In fact, Article 7 of the Hamas Charter states: “The Day of Judgment will not come about until Muslims fight Jews and kill them. Then, the Jews will hide behind rocks and trees, and the rocks and trees will cry out, ‘O Muslim, there is a Jew hiding behind me, come and kill him’” [16].

This hate has no boundaries. If you think they stop at targeting Jews, listen carefully to the rest of their chants like, “Death to America!” [17]

THE GREAT MISCONCEPTION

It is a misconception that the Nazis were solely responsible for the murder of six million Jews. The Nazis had collaborators – willing executioners - men and women and people of all genders in communities, towns, cities, and across all of Europe who believed the propaganda

and justified slaughtering their neighbors. [18-19].

Like them, you are being given a grave responsibility to choose noisy hate and lies or clear truth and morality.

If you want this war to end, VETO this resolution, which only gives Hamas PR fodder to retrench and re-strengthen. Instead, call for Hamas to surrender and release all the hostages.

By keeping yourself and your council on the side of democracy, history will judge you as a hero.

Sincerely,

Diana Ganger

THE GREAT MISCONCEPTION

It is a misconception that the Nazis were solely responsible for the murder of six million Jews. The Nazis had collaborators - willing executioners - men and women and people of all genders in communities, towns, cities, and across all of Europe who believed the propaganda and justified slaughtering their neighbors. [18-19]

Like them, you are being given a grave responsibility to choose noisy hate and lies or clear truth and morality.

If you want this war to end, VETO this resolution, which only gives Hamas PR fodder to retrench and re-strengthen. Instead, call for Hamas to surrender and release all the hostages.

By keeping yourself and your council on the side of democracy, history will judge you as a hero.

Sincerely,

Luca Vambas

Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens who are asking you to VETO the ceasefire resolution.

Please read this document in its entirety.

The defined role of your council is to value and protect your city and not engage in international affairs.

Have you wondered why this is the only issue that ignites such passion when numerous other global crises demand attention? Are you addressing the following humanitarian disasters with the same urgency?

- (1) Rohingya Crisis in Myanmar (2017-Present): Myanmar Buddhist military massacred, raped and displaced over 700,000 Rohingya Muslims. [1].
- (2) Uyghur Detention Camps in China (Ongoing): China has put 1 million Muslim Uyghurs in mass detention camps where they are subject to forced labor and sterilization [2].
- (3) Yemini Civil War (Ongoing): Muslim civil war. More than four million displaced. Attacks on civilians, hunger, disease. [3].
- (4) Syrian Civil War (Ongoing): Muslim civil war. Widespread atrocities, chemical attacks on civilians; shooting protesters. 470,000 dead, 1 million injured; 13.1 million need humanitarian aid [4].
- (5) Sudanese enslavement (Ongoing): Arab Muslims have slaughtered 2.5 million black Sudanese Christians and enslaved 200,000. Jihadists have kidnapped many black Christian girls [5].

(6) Gender apartheid: Hundreds of millions of women in Muslim countries are second class citizens subject to beatings, sexual violence, honor killings, and genital mutilation [6].

These crises describe the offensive targeting of innocents perpetrated by Buddhists, the Chinese, and Muslims. In response to these crises, it would be absurd to justify harassment, segregation, and violence towards Buddhist, Chinese, or Muslim Americans on U.S. campuses, K-12 schools, social media, restaurants, subways, and streets.

Unlike the abovementioned crises, the Israel-Hamas conflict is a DEFENSIVE war that Hamas thrust on the democratic country of Israel on October 7th – targeting and murdering 1,200 civilians and taking hundreds of hostages (American, Israeli, and Foreign Nationals) after firing over 30,000 rockets into Israel for decades [7].

Notably, this was after Israel moved out of Gaza in 2005 – as one of its numerous gestures of peace that have been rejected and met with increased violence [8].

The innocent lives lost in this war is tragic. However, under International Humanitarian Law, Israelis have a duty and right to protect their civilians from these attacks by defeating Hamas and rescuing the hostages [9].

Hamas ADMITS to burrowing itself within the civilian Palestinian population to increase civilian deaths in order to create world protests and delegitimize Israel [10].

However, according to International Humanitarian Law the responsibility for ALL lives lost falls squarely on Hamas' shoulders. Does this council realize that when America fights against terrorists, they accidentally kill 4 to 60 civilians per terrorist eliminated? Israel's ratio is 1:1. While all innocent deaths are a tragedy, Israel's commitment to fighting ethically outshines every military in the world [11].

These ceasefire resolutions are part of a global agenda – to delegitimize and destroy the one Jewish State and justify harassment, segregation, and violence towards Jews on U.S. campuses, subway cars, restaurants, and the world [12-15].

Just listen to the chants: “From the river to the sea;” “We don't want a two-state;” “Long live October 7th;” “October 7th again;” “Long live the intifada!”

In fact, Article 7 of the Hamas Charter states: “The Day of Judgment will not come about until Muslims fight Jews and kill them. Then, the Jews will hide behind rocks and trees, and the rocks and trees will cry out, ‘O Muslim, there is a Jew hiding behind me, come and kill him’” [16].

This hate has no boundaries. If you think they stop at targeting Jews, listen carefully to the rest of their chants like, “Death to America!” [17]

State House Assembly California
State Senate Legislature California
U.S. Representative Kevin Kiley
U.S. Senators California

Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens who are asking you to VETO the censorious resolution.

Please read this document in its entirety.

The defined role of your council is to value and protect your city and not engage in international affairs.

Have you wondered why this is the only issue that ignites such passion when numerous other global crises demand attention? Are you addressing the following humanitarian disasters with the same urgency?

- (1) Rohingya Crisis in Myanmar (2017-Present): Myanmar Buddhist military massacred, raped and displaced over 700,000 Rohingya Muslims. [1]
- (2) Uyghur Detention Camps in China (Ongoing): China has put 1 million Muslim Uyghurs in mass detention camps where they are subject to forced labor and sterilization [2].
- (3) Yemen Civil War (Ongoing): Muslim civil war. More than four million displaced. Attacks on civilians, hunger, disease. [3]
- (4) Syrian Civil War (Ongoing): Muslim civil war. Widespread atrocities, chemical attacks on civilians, shooting protesters, 470,000 dead, 1 million injured, 13.1 million need humanitarian aid [4].
- (5) Sudanese enslavement (Ongoing): Arab Muslims have slaughtered 2.5 million black Sudanese Christians and enslaved 200,000. Jihadists have kidnapped many black Christian girls [5].
- (6) Gender apartheid: Hundreds of millions of women in Muslim countries are second class citizens subject to beatings, sexual violence, honor killings, and genital mutilation [6].

These crises demand the effective targeting of resources perpetrated by Buddhists, the Chinese, and Muslims. In response to these crises, it would be absurd to justify harassment, segregation, and violence towards Buddhist, Chinese, or Muslim Americans on U.S. campuses, K-12 schools, social media, restaurants, subways, and streets.

Unlike the above-mentioned crises, the Israel-Hamas conflict is a DEFENSIVE war that Hamas thrust on the democratic country of Israel on October 7th – targeting and murdering 1,200 civilians and taking hundreds of hostages (American, Israeli, and Foreign Nationals) after firing over 30,000 rockets into Israel for decades [7].

Notably, this was after Israel moved out of Gaza in 2005 – as one of its numerous gestures of peace that have been rejected and met with increased violence [8].

The innocent lives lost in this war is tragic. However, under International Humanitarian Law, Israelis have a duty and right to protect their civilians from these attacks by defeating Hamas and removing the hostages [9].

Hamas ADMITS to bartering itself within the civilian Palestinian population to increase civilian deaths in order to create world protests and delegitimize Israel [10].

However, according to International Humanitarian Law, Israel does not fall squarely on Hamas' shoulders. Does this council realize that when America fights against terrorism, they accidentally kill 4 to 60 civilians per terrorist eliminated? Israel's ratio is 1:1. While all innocent deaths are a tragedy, Israel's commitment to fighting ethically outshines every military in the world [11].

These censorious resolutions are part of a global agenda – to delegitimize and destroy the one Jewish State and justify harassment, segregation, and violence towards Jews on U.S. campuses, subway cars, restaurants, and the world [12-15].

Just listen to the chants: "From the river to the sea" "We don't want a two-state." "Long live October 7th." "October 7th again." "Long live the intifada!"

In fact, Article 7 of the Hamas Charter states: "The Day of Judgment will not come about until Muslims fight Jews and kill them. Thus, the Jews will hide behind rocks and trees, and the rocks and trees will cry out, 'O Muslim, there is a Jew hiding behind me, come and kill him.'" [16].

This hate has no boundaries. If you think they are targeting Jews, listen carefully to the rest of their chants like, "Death to America!" [17].

THE GREAT MISCONCEPTION

It is a misconception that the Nazis were solely responsible for the murder of six million Jews. The Nazis had collaborators – willing executioners – men and women and people of all genders in communities, towns, cities, and across all of Europe who believed the propaganda and justified slaughtering their neighbors. [18-19].

Like them, you are being given a grave responsibility to choose mercy hate and lies or clear truth and morality.

If you want this war to end, VETO this resolution, which only gives Hamas PR fodder to retrench and re-strengthen. Instead, call for Hamas to surrender and release all the hostages.

By keeping yourself and your council on the side of democracy, history will judge you as a hero.

Sincerely,

"Those who do not learn history are doomed to repeat it" – George Santayana.

Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens who are asking you to VETO the ceasefire resolution.

Please read this document in its entirety.

The defined role of your council is to value and protect your city and not engage in international affairs.

Have you wondered why this is the only issue that ignites such passion when numerous other global crises demand attention? Are you addressing the following humanitarian disasters with the same urgency?

- (1) Rohingya Crisis in Myanmar (2017-Present): Myanmar Buddhist military massacred, raped and displaced over 700,000 Rohingya Muslims. [1].
- (2) Uyghur Detention Camps in China (Ongoing): China has put 1 million Muslim Uyghurs in mass detention camps where they are subject to forced labor and sterilization [2].
- (3) Yemini Civil War (Ongoing): Muslim civil war. More than four million displaced. Attacks on civilians, hunger, disease. [3].
- (4) Syrian Civil War (Ongoing): Muslim civil war. Widespread atrocities, chemical attacks on civilians; shooting protesters. 470,000 dead, 1 million injured; 13.1 million need humanitarian aid [4].
- (5) Sudanese enslavement (Ongoing): Arab Muslims have slaughtered 2.5 million black Sudanese Christians and enslaved 200,000. Jihadists have kidnapped many black Christian girls [5].

(6) Gender apartheid: Hundreds of millions of women in Muslim countries are second class citizens subject to beatings, sexual violence, honor killings, and genital mutilation [6].

These crises describe the offensive targeting of innocents perpetrated by Buddhists, the Chinese, and Muslims. In response to these crises, it would be absurd to justify harassment, segregation, and violence towards Buddhist, Chinese, or Muslim Americans on U.S. campuses, K-12 schools, social media, restaurants, subways, and streets.

These ceasefire resolutions are part of a global agenda – to delegitimize and destroy the one Jewish State and justify harassment, segregation, and violence towards Jews on U.S. campuses, subway cars, restaurants, and the world [12-15].

Just listen to the chants: “From the river to the sea;” “We don't want a two-state;” “Long live October 7th;” “October 7th again;” “Long live the intifada!”

In fact, Article 7 of the Hamas Charter states: “The Day of Judgment will not come about until Muslims fight Jews and kill them. Then, the Jews will hide behind rocks and trees, and the rocks and trees will cry out, ‘O Muslim, there is a Jew hiding behind me, come and kill him’” [16].

This hate has no boundaries. If you think they stop at targeting Jews, listen carefully to the rest of their chants like, “Death to America!” [17]

THE GREAT MISCONCEPTION

It is a misconception that the Nazis were solely responsible for the murder of six million Jews. The Nazis had collaborators – willing executioners - men and women and people of all genders in communities, towns, cities, and across all of Europe who believed the propaganda

and justified slaughtering their neighbors. [18-19].

Like them, you are being given a grave responsibility to choose noisy hate and lies or clear truth and morality.

If you want this war to end, VETO this resolution, which only gives Hamas PR fodder to retrench and re-strengthen. Instead, call for Hamas to surrender and release all the hostages.

By keeping yourself and your council on the side of democracy, history will judge you as a hero.

Sincerely,

Please read this document in its entirety. The defined role of your council is to value and protect your city and not engage in international affairs. Have you wondered why this is the only issue that ignites such passion when numerous other global crises demand attention? Are you addressing the following humanitarian disasters with the same urgency? (1) Rohingya Crisis in Myanmar (2017-Present): Myanmar Buddhist military massacred, raped and displaced over 700,000 Rohingya Muslims. [1]. (2) Uyghur Detention Camps in China (Ongoing): China has put 1 million Muslim Uyghurs in mass detention camps where they are subject to forced labor and sterilization [2]. (3) Yemini Civil War (Ongoing): Muslim civil war. More than four million displaced. Attacks on civilians, hunger, disease. [3]. (4) Syrian Civil War (Ongoing): Muslim civil war. Widespread atrocities, chemical attacks on civilians; shooting protesters. 470,000 dead, 1 million injured; 13.1 million need humanitarian aid [4]. (5) Sudanese enslavement (Ongoing): Arab Muslims have slaughtered 2.5 million black Sudanese Christians and enslaved 200,000. Jihadists have kidnapped many black Christian girls [5]. (6) Gender apartheid: Hundreds of millions of women in Muslim countries are second class citizens subject to beatings, sexual violence, honor killings, and genital mutilation [6]. These crises describe the offensive targeting of innocents perpetrated by Buddhists, the Chinese, and Muslims. In response to these crises, it would be absurd to justify harassment, segregation, and violence towards Buddhist, Chinese, or Muslim Americans on U.S. campuses, K-12 schools, social media, restaurants, subways, and streets. Unlike the abovementioned crises, the Israel-Hamas conflict is a DEFENSIVE war that Hamas thrust on the democratic country of Israel on October 7th – targeting and murdering 1,200 civilians and taking hundreds of hostages (American, Israeli, and Foreign Nationals) after firing over 30,000 rockets into Israel for decades [7]. Notably, this was after Israel moved out of Gaza in 2005 – as one of its numerous gestures of peace that have been rejected and met with increased violence [8]. The innocent lives lost in this war is tragic. However, under International Humanitarian Law, Israelis have a duty and right to protect their civilians from these attacks by defeating Hamas and rescuing the hostages [9]. Hamas ADMITS to burrowing itself within the civilian Palestinian population to increase civilian deaths in order to create world protests and delegitimize Israel [10]. However, according to International Humanitarian Law the responsibility for ALL lives lost falls squarely on Hamas' shoulders. Does this council realize that when America fights against terrorists, they accidentally kill 4 to 60 civilians per terrorist eliminated? Israel's ratio is 1:1. While all innocent deaths are a tragedy, Israel's commitment to fighting ethically outshines every military in the world [11]. These ceasefire resolutions are part of a global agenda – to delegitimize and destroy the one Jewish State and justify harassment, segregation, and violence towards Jews on U.S. campuses, subway cars, restaurants, and the world [12-15]. Just listen to the chants: "From the river to the sea;" "We don't want a two-state;" "Long live October 7th;" "October 7th again;" "Long live the intifada!" In fact, Article 7 of the Hamas Charter states: "The Day of Judgment will not come about until Muslims fight Jews and kill

them. Then, the Jews will hide behind rocks and trees, and the rocks and trees will cry out, ‘O Muslim, there is a Jew hiding behind me, come and kill him’” [16]. This hate has no boundaries. If you think they stop at targeting Jews, listen carefully to the rest of their chants like, “Death to America!” [17] THE GREAT MISCONCEPTION It is a misconception that the Nazis were solely responsible for the murder of six million Jews. The Nazis had collaborators – willing executioners - men and women and people of all genders in communities, towns, cities, and across all of Europe who believed the propaganda and justified slaughtering their neighbors. [18-19]. Like them, you are being given a grave responsibility to choose noisy hate and lies or clear truth and morality. If you want this war to end, VETO this resolution, which only gives Hamas PR fodder to retrench and re-strengthen. Instead, call for Hamas to surrender and release all the hostages. Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens who are asking you to VETO the ceasefire resolution.

Please read this document in its entirety.

The defined role of your council is to value and protect your city and not engage in international affairs.

Here you wonder why this is the only issue that ignites such passion when numerous other global crisis demand attention? Are you addressing the following humanitarian disasters with the same urgency?

- (1) Rohingya Crisis in Myanmar (2017-Present): Myanmar Buddhist military massacred, raped and displaced over 700,000 Rohingya Muslims. [1]
- (2) Uyghur Detention Camps in China (Ongoing): China has put 1 million Muslim Uyghurs in mass detention camps where they are subject to forced labor and sterilization [2]
- (3) Yemen Civil War (Ongoing): Muslim civil war. More than four million displaced. Attacks on civilians, hunger, disease [3]
- (4) Syrian Civil War (Ongoing): Muslim civil war. Widespread atrocities, chemical attacks on civilians, shooting protesters, 470,000 dead, 1 million injured, 13.1 million need humanitarian aid [4]
- (5) Indonesia endorsement (Ongoing): Arab Muslims have slaughtered 2.5 million black Indonesian Christians and enslaved 200,000. Muslims have kidnapped many black Christian girls [5]
- (6) Gender apartheid: Hundreds of millions of women in Muslim countries are second class citizens subject to beatings, sexual violence, honor killings, and genital mutilation [6]

This crisis described the offensive targeting of innocents perpetrated by Buddhists, the Chinese, and Muslims. In response to these crises, it would be absurd to justify harassment, segregation, and violence towards Buddhist, Chinese, or Muslim Americans on U.S. campuses, K-12 schools, social media, restaurants, subways, and streets.

Unlike the above-mentioned crises, the Israel-Hamas conflict is a DEFENSIVE war that Hamas fired on the democratic country of Israel on October 7th – targeting and murdering 1,200 civilians and taking hundreds of hostages (American, Israeli, and Foreign Nationals) after firing over 30,000 rockets into Israel for decades [7].

Notably, this was after Israel covered up its role in 2005 – as one of its numerous genocides of Jews that have been equated and are with increased violence [8].

The innocent lives lost in this war is tragic. However, under International Humanitarian Law, Israelis have a duty and right to protect their civilians from these attacks by degrading Hamas and rescuing the hostages [9].

Hamas ADMITS to harassing Jews within the civilian Palestinian population to incite civil war deaths in order to create world protest and delegitimize Israel [10].

However, according to International Humanitarian Law, the responsibility for ALL lives lost falls equally on Hamas' shoulders. Does this council realize that when America fights against terrorism, they accidentally kill 4 to 60 civilians per terrorist/terrorist? Israel's ratio is 1:1. While all innocent deaths are a tragedy, Israel's commitment to fighting ethically maintains every military in the world [11].

This ceasefire resolution is part of a global agenda – to delegitimize and destroy the one Jewish State and justify harassment, segregation, and violence towards Jews on U.S. campuses, subway cars, restaurants, and the world [12-15].

Just listen to the chants: "From the river to the sea, 'til we're all a wasteland," "Long live October 7th," "October 7th again," "Long live the infidel!"

In fact, Article 1 of the Hamas Charter states: "The Day of Judgment will not come about until Muslims fight Jews and kill them. Thus, the Jews will hold behind rocks and trees, and the rocks and trees will cry out, 'O Muslims, there is a Jew hiding behind me, come and kill him'" [16].

This has not been hidden. If you think they stop at targeting Jews, listen carefully to the rest of their chants like, "Death to America!" [17]

THE GREAT MISCONCEPTION

It is a misconception that the Nazis were solely responsible for the murder of six million Jews. The Nazis had collaborators – willing executioners – men and women and people of all genders in communities, towns, cities, and across all of Europe who believed the propaganda and justified slaughtering their neighbors [18-19].

Like them, you are being given a gross responsibility to choose one hate and fan or clear truth and morality.

If you want this war to end, VETO this resolution, which only gives Hamas PR fodder to stretch and re-negotiate. Instead, call for Hamas to surrender and release all the hostages.

By keeping yourself and your council on the side of democracy, history will judge you as a hero.

Sincerely,

Melanie Freeman

Unlike the abovementioned crises, the Israel-Hamas conflict is a DEFENSIVE war that Hamas thrust on the democratic country of Israel on October 7th – targeting and murdering 1,200 civilians and taking hundreds of hostages (American, Israeli, and Foreign Nationals) after firing over 30,000 rockets into Israel for decades [7]. Notably, this was after Israel moved out of Gaza in 2005 – as one of its numerous gestures of peace that have been rejected and met with increased violence [8]. The innocent lives lost in this war is tragic. However, under International Humanitarian Law, Israelis have a duty and right to protect their civilians from these attacks by defeating Hamas and rescuing the hostages [9]. Hamas ADMITS to burrowing itself within the civilian Palestinian population to increase civilian deaths in order to create world protests and delegitimize Israel [10]. However, according to International Humanitarian Law the responsibility for ALL lives lost falls squarely on Hamas' shoulders. Does this council realize that when America fights against terrorists, they accidentally kill 4 to 60 civilians per terrorist eliminated? Israel's ratio is 1:1. While all innocent deaths are a tragedy, Israel's commitment to fighting ethically outshines every military in the world [11]. These ceasefire resolutions are part of a global agenda – to delegitimize and destroy the one Jewish State and justify harassment, segregation, and violence towards Jews on U.S. campuses, subway cars, restaurants, and the world [12-15]. Just listen to the chants: "From the river to the sea;" "We don't want a two-state;" "Long live October 7th;" "October 7th again;" "Long live the intifada!" In fact, Article 7 of the Hamas Charter states: "The Day of Judgment will not come about until Muslims fight Jews and kill

them. Then, the Jews will hide behind rocks and trees, and the rocks and trees will cry out, ‘O Muslim, there is a Jew hiding behind me, come and kill him’” [16]. This hate has no boundaries. If you think they stop at targeting Jews, listen carefully to the rest of their chants like, “Death to America!” [17] THE GREAT MISCONCEPTION It is a misconception that the Nazis were solely responsible for the murder of six million Jews. The Nazis had collaborators – willing executioners - men and women and people of all genders in communities, towns, cities, and across all of Europe who believed the propaganda and justified slaughtering their neighbors. [18-19]. Like them, you are being given a grave responsibility to choose noisy hate and lies or clear truth and morality. If you want this war to end, VETO this resolution, which only gives Hamas PR fodder to retrench and re-strengthen. Instead, call for Hamas to surrender and release all the hostages. By keeping yourself and your council on the side of democracy, history will judge you as a hero. Sincerely, “Those who do not learn history are doomed to repeat it” – George Santayana. Dear Mayor Hodge,

We use your constituents, Americans across this great nation, and worldwide citizens who are asking you to VETO the ceasefire resolution.

Please read this document in its entirety.

The defined role of your council is to value and protect your city and not engage in international affairs.

Have you wondered why this is the only issue that ignites such passion when numerous other global crises demand attention? Are you addressing the following humanitarian disasters with the same urgency?

- 1) Rohingya Crisis in Myanmar (2017-Present): Myanmar Buddhist military massacred, raped and displaced over 700,000 Rohingya Muslims. [1]
- 2) Uyghur Detention Camps in China (Ongoing): China has put 1 million Muslim Uyghurs in mass detention camps where they are subject to forced labor and sterilization. [2]
- 3) Yemen Civil War (Ongoing): Muslim civil war. More than four million displaced. Attacks on civilians, hunger, disease. [3]
- 4) Syrian Civil War (Ongoing): Muslim civil war. Widespread atrocities, chemical attacks on civilians, shooting protesters, 470,000 dead, 1 million injured. 13.1 million need humanitarian aid [4]
- 5) Sudanese resistance (Ongoing): Arab Muslims have slaughtered 2.5 million black Sudanese Christians and enslaved 200,000. Ethnists have kidnapped many black Christian girls [5]
- 6) Gender apartheid: Hundreds of millions of women in Muslim countries are second class citizens subject to beatings, sexual violence, honor killings, and genital mutilation [6]

These crises describe the offensive targeting of innocents perpetrated by Buddhists, the Chinese, and Muslims. In response to these crises, it would be absurd to justify harassment, segregation, and violence towards Buddhist, Chinese, or Muslim Americans on U.S. campuses, K-12 schools, social media, restaurants, subways, and streets.

Unlike the aforementioned crises, the Israel-Hamas conflict is a DEFENSIVE war that Hamas threat on the democratic country of Israel on October 7th – targeting and murdering 1,200 civilians and taking hundreds of hostages (American, Israeli, and Foreign Nationals) after firing over 30,000 rockets into Israel for decades [7]

If you want this war to end, VETO this resolution, which only gives Hamas PK fodder to retrench and re-strengthen. Instead, call for Hamas to surrender and release all the hostages.

Does this council realize that when America fights against terrorists, they accidentally kill 4 to 60 civilians per terrorist eliminated? Israel's ratio is 1:1. While all innocent deaths are a tragedy, Israel's commitment to fighting ethically outshines every military in the world [11].

These ceasefire resolutions are part of a global agenda – to delegitimize and destroy the one Jewish State and justify harassment, segregation, and violence towards Jews on U.S. campuses, subway cars, restaurants, and the world [12-15].

Just listen to the chants: “From the river to the sea;” “We don't want a two-state;” “Long live October 7th;” “October 7th again;” “Long live the intifada!”

In fact, Article 7 of the Hamas Charter states: “The Day of Judgment will not come about until Muslims fight Jews and kill them. Then, the Jews will hide behind rocks and trees, and the rocks and trees will cry out, ‘O Muslim, there is a Jew hiding behind me, come and kill him’” [16].

This hate has no boundaries. If you think they stop at targeting Jews, listen carefully to the rest of their chants like, “Death to America!” [17]

THE GREAT MISCONCEPTION

It is a misconception that the Nazis were solely responsible for the murder of six million Jews. The Nazis had collaborators – willing executioners - men and women and people of all genders in communities, towns, cities, and across all of Europe who believed the propaganda

and justified slaughtering their neighbors. [18-19].

Like them, you are being given a grave responsibility to choose noisy hate and lies or clear truth and morality.

If you want this war to end, VETO this resolution, which only gives Hamas PR fodder to retrench and re-strengthen. Instead, call for Hamas to surrender and release all the hostages.

By keeping yourself and your council on the side of democracy, history will judge you as a hero.

Sincerely,

“Those who do not learn history are doomed to repeat it” – George Santayana.

Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens who are asking you to VETO the ceasefire resolution.

Please read this document in its entirety.

The defined role of your council is to value and protect your city and not engage in international affairs.

Have you wondered why this is the only issue that ignites such passion when numerous other global crises demand attention? Are you addressing the following humanitarian disasters with the same urgency?

- (1) Rohingya Crisis in Myanmar (2017-Present): Myanmar Buddhist military massacred, raped and displaced over 700,000 Rohingya Muslims. [1].
- (2) Uyghur Detention Camps in China (Ongoing): China has put 1 million Muslim Uyghurs in mass detention camps where they are subject to forced labor and sterilization [2].
- (3) Yemini Civil War (Ongoing): Muslim civil war. More than four million displaced. Attacks on civilians, hunger, disease. [3].
- (4) Syrian Civil War (Ongoing): Muslim civil war. Widespread atrocities, chemical attacks on civilians; shooting protesters. 470,000 dead, 1 million injured; 13.1 million need humanitarian aid [4].
- (5) Sudanese enslavement (Ongoing): Arab Muslims have slaughtered 2.5 million black Sudanese Christians and enslaved 200,000. Jihadists have kidnapped many black Christian girls [5].

(6) Gender apartheid: Hundreds of millions of women in Muslim countries are second class citizens subject to beatings, sexual violence, honor killings, and genital mutilation [6].

These crises describe the offensive targeting of innocents perpetrated by Buddhists, the Chinese, and Muslims. In response to these crises, it would be absurd to justify harassment, segregation, and violence towards Buddhist, Chinese, or Muslim Americans on U.S. campuses, K-12 schools, social media, restaurants, subways, and streets.

Unlike the abovementioned crises, the Israel-Hamas conflict is a DEFENSIVE war that Hamas thrust on the democratic country of Israel on October 7th – targeting and murdering 1,200 civilians and taking hundreds of hostages (American, Israeli, and Foreign Nationals) after firing over 30,000 rockets into Israel for decades [7].

Notably, this was after Israel moved out of Gaza in 2005 – as one of its numerous gestures of peace that have been rejected and met with increased violence [8].

The innocent lives lost in this war is tragic. However, under International Humanitarian Law, Israelis have a duty and right to protect their civilians from these attacks by defeating Hamas and rescuing the hostages [9].

Hamas ADMITS to burrowing itself within the civilian Palestinian population to increase civilian deaths in order to create world protests and delegitimize Israel [10].

However, according to International Humanitarian Law the responsibility for ALL lives lost falls squarely on Hamas' shoulders. Does this council realize that when America fights against terrorists, they accidentally kill 4 to 60 civilians per terrorist eliminated? Israel's ratio is 1:1. While all innocent deaths are a tragedy, Israel's commitment to fighting ethically outshines every military in the world [11].

Dear Mayor Hodge,

We have heard that as a local city council, you have been debating about international resolutions regarding the Gazan war.

We ask that you VETO the ceasefire resolution (No. 2025-03).

It is worrisome when city councils well suited for city leadership are pushed by constituents to delve into international affairs without proper training and information.

Moreover, the resolution you considered is flawed in both fact and intent, which you have become aware of through the thousands of comments you have received.

We do not think city councils should be addressing international issues. However, if you insist on doing this, we ask you to instead adopt a resolution based on indisputable fact and evidence such as the resolution below. It tells the truth about the horrors of Jihadist terrorism on the African people. This type of terrorism has also been inflicted against Israelis since Israel's inception and most horrifically on October 7th.

If you insist on being outspoken about an international story, this is the story that must be told.

Please read below.

Sincerely,

Resolution for Ending Jihad Murder and Slavery in Africa

WHEREAS, all human life is precious, and all people worldwide are worthy of safety, dignity, and freedom, the ongoing enslavement of Africans by Muslim jihadists is a violation of international humanitarian law; and

WHEREAS, our city recognizes that black Africans have been enslaved and murdered by jihadists for 14 centuries; the fact that this crime against humanity still exists in this century illustrates the hypocrisy of the U.N. and Western nations; and

WHEREAS, our city recognizes that the Arab slave trade exported around 25 million slaves from both coasts of Africa between the seventh and nineteenth centuries;

WHEREAS, the our city recognizes that slavery directed against black Africans is an abomination that still exists today across northern Africa and the Middle East that can no longer be tolerated; and

WHEREAS, according to the Global Slavery Index, 84,000 Africans are held as slaves in Algeria [1], 47,000 in Libya [2], and 149,000 in Mauritania [3]; and, according to Christian Solidarity International, perhaps 35,000 Africans remain enslaved in Sudan nearly two decades after the end of a self-declared jihad which caused the south to secede and constitute itself, since 2011, as the world's newest nation – South Sudan [4]; and

WHEREAS, Arab militias equipped and legitimized by the government of Arab Sudan continue to terrorize un-Arabized black Muslims in western Sudan, particularly the Darfur province, massacring the men, carrying off the women as chattel slaves, and resettling Arab Muslim nomads on their ethnically cleansed ancestral lands, as they have done intermittently since 1995 [5]; and

WHEREAS, according to research in 2020 by the office of Tolulope Akande-Sadipe, member of the Nigerian House of Representatives for Oyo State and Chair of the House Committee on Diaspora Affairs, perhaps 80,000 women from Nigeria alone have been trafficked as sex slaves across Lebanon, Mali, Oman, Saudi Arabia, and the United Arab Emirates [6]; and

WHEREAS, the Islamic terrorist organization Boko Haram along with Fulani Muslim death squads in northern Nigeria have murdered more than 50,000 Christians since 2009 and have enslaved perhaps 4,000 Christian children and teenagers, particularly young girls, for the purpose of sexual bondage [7]; and

WHEREAS, due to the difficulty in obtaining accurate, in-depth information, as well as the mainstream media and human rights groups' typical disinterest in these atrocities, it is highly likely that much of the jihad massacres and slave-taking exists in other regions beset by jihadists across North Africa [8];

BE IT RESOLVED that our city stands in solidarity with the victims of jihad slavery and slaughter including the people of South Sudan, Darfur and Nigeria who have endured murder, oppression and enslavement by jihadists.

BE IT RESOLVED that our city stands in humanitarian solidarity with all people enslaved and demands their immediate liberation by all means possible.

Sincerely,

Resolution for Ending Jihad Murder and Slavery in Africa

WHEREAS, all human life is precious, and all people worldwide are worthy of safety, dignity, and freedom, the ongoing enslavement of Africans by Muslim jihadists is a violation of international humanitarian law; and

WHEREAS, our city recognizes that black Africans have been enslaved and murdered by jihadists for 14 centuries; the fact that this crime against humanity still exists in this century illustrates the hypocrisy of the U.N. and Western nations; and

WHEREAS, our city recognizes that the Arab slave trade exported around 25 million slaves from both coasts of Africa between the seventh and nineteenth centuries;

WHEREAS, the our city recognizes that slavery directed against black Africans is an abomination that still exists today across northern Africa and the Middle East that can no longer be tolerated; and

WHEREAS, according to the Global Slavery Index, 84,000 Africans are held as slaves in Algeria [1], 47,000 in Libya [2], and 149,000 in Mauritania [3]; and, according to Christian Solidarity International, perhaps 35,000 Africans remain enslaved in Sudan nearly two decades after the end of a self-declared jihad which caused the south to secede and constitute itself, since 2011, as the world's newest nation – South Sudan [4]; and

WHEREAS, Arab militias equipped and legitimized by the government of Arab Sudan continue to terrorize un-Arabized black Muslims in western Sudan, particularly the Darfur province, massacring the men, carrying off the women as chattel slaves, and resettling Arab Muslim nomads on their ethnically cleansed ancestral lands, as they have done intermittently since 1995 [5]; and

WHEREAS, according to research in 2020 by the office of Tolulope Akande-Sadipe, member of the Nigerian House of Representatives for Oyo State and Chair of the House Committee on Diaspora Affairs, perhaps 80,000 women from Nigeria alone have been trafficked as sex slaves across Lebanon, Mali, Oman, Saudi Arabia, and the United Arab Emirates [6]; and

WHEREAS, the Islamic terrorist organization Boko Haram along with Fulani Muslim death squads in northern Nigeria have murdered more than 50,000 Christians since 2009 and have enslaved perhaps 4,000 Christian children and teenagers, particularly young girls, for the purpose of sexual bondage [7]; and

WHEREAS, due to the difficulty in obtaining accurate, in-depth information, as well as the mainstream media and human rights groups' typical disinterest in these atrocities, it is highly likely that much of the jihad massacres and slave-taking exists in other regions beset by jihadists across North Africa [8];

BE IT RESOLVED that our city stands in solidarity with the victims of jihad slavery and slaughter including the people of South Sudan, Darfur and Nigeria who have endured murder, oppression and enslavement by jihadists.

BE IT RESOLVED that our city stands in humanitarian solidarity with all people enslaved and demands their immediate liberation by all means possible.

Dear Mayor Hodge,

We have heard that as a local city council, you have been debating about international resolutions regarding the Gazan war.

We ask that you VETO the ceasefire resolution (No. 2025-03).

It is worrisome when city councils well suited for city leadership are pushed by constituents to delve into international affairs without proper training and information.

Moreover, the resolution you considered is flawed in both fact and intent, which you have become aware of through the thousands of comments you have received.

We do not think city councils should be addressing international issues. However, if you insist on doing this, we ask you to instead adopt a resolution based on indisputable fact and evidence such as the resolution below. It tells the truth about the horrors of Jihadist terrorism on the African people. This type of terrorism has also been inflicted against Israelis since Israel's inception and most horrifically on October 7th.

If you insist on being outspoken about an international story, this is the story that must be told.

Please read below.

Sincerely,

Sincerely,

Resolution for Ending Jihad Murder and Slavery in Africa

WHEREAS, all human life is precious, and all people worldwide are worthy of safety, dignity, and freedom, the ongoing enslavement of Africans by Muslim jihadists is a violation of international humanitarian law; and

WHEREAS, our city recognizes that black Africans have been enslaved and murdered by jihadists for 14 centuries; the fact that this crime against humanity still exists in this century illustrates the hypocrisy of the U.N. and Western nations; and

WHEREAS, our city recognizes that the Arab slave trade exported around 25 million slaves from both coasts of Africa between the seventh and nineteenth centuries;

WHEREAS, the our city recognizes that slavery directed against black Africans is an abomination that still exists today across northern Africa and the Middle East that can no longer be tolerated; and

WHEREAS, according to the Global Slavery Index, 84,000 Africans are held as slaves in Algeria [1], 47,000 in Libya [2], and 149,000 in Mauritania [3]; and, according to Christian Solidarity International, perhaps 35,000 Africans remain enslaved in Sudan nearly two decades after the end of a self-declared jihad which caused the south to secede and constitute itself, since 2011, as the world's newest nation – South Sudan [4]; and

WHEREAS, Arab militias equipped and legitimized by the government of Arab Sudan continue to terrorize un-Arabized black Muslims in western Sudan, particularly the Darfur province, massacring the men, carrying off the women as chattel slaves, and resettling Arab Muslim nomads on their ethnically cleansed ancestral lands, as they have done intermittently since 1995 [5]; and

WHEREAS, according to research in 2020 by the office of Tolulope Akande-Sadipe, member of the Nigerian House of Representatives for Oyo State and Chair of the House Committee on Diaspora Affairs, perhaps 80,000 women from Nigeria alone have been trafficked as sex slaves across Lebanon, Mali, Oman, Saudi Arabia, and the United Arab Emirates [6]; and

WHEREAS, the Islamic terrorist organization Boko Haram along with Fulani Muslim death squads in northern Nigeria have murdered more than 50,000 Christians since 2009 and have enslaved perhaps 4,000 Christian children and teenagers, particularly young girls, for the purpose of sexual bondage [7]; and

WHEREAS, due to the difficulty in obtaining accurate, in-depth information, as well as the mainstream media and human rights groups' typical disinterest in these atrocities, it is highly likely that much of the jihad massacres and slave-taking exists in other regions beset by jihadists across North Africa [8];

BE IT RESOLVED that our city stands in solidarity with the victims of jihad slavery and slaughter including the people of South Sudan, Darfur and Nigeria who have endured murder, oppression and enslavement by jihadists.

BE IT RESOLVED that our city stands in humanitarian solidarity with all people enslaved and demands their immediate liberation by all means possible.

Dear Mayor Hodge,

We have heard that as a local city council, you have been debating about international resolutions regarding the Gazan war.

We ask that you VETO the ceasefire resolution (No. 2025-03).

It is worrisome when city councils well suited for city leadership are pushed by constituents to delve into international affairs without proper training and information.

Moreover, the resolution you considered is flawed in both fact and intent, which you have become aware of through the thousands of comments you have received.

We do not think city councils should be addressing international issues. However, if you insist on doing this, we ask you to instead adopt a resolution based on indisputable fact and evidence such as the resolution below. It tells the truth about the horrors of Jihadist terrorism on the African people. This type of terrorism has also been inflicted against Israelis since Israel's inception and most horrifically on October 7th.

If you insist on being outspoken about an international story, this is the story that must be told.

Please read below.

Sincerely,

We do not think city councils should be addressing international issues. However, if you insist on doing this, we ask you to instead adopt a resolution based on indisputable fact and evidence such as the resolution below. It tells the truth about the horrors of Jihadist terrorism on the African people. This type of terrorism has also been inflicted against Israelis since Israel's inception and most horrifically on October 7th.

If you insist on being outspoken about an international story, this is the story that must be told.

Please read below.

Sincerely,

Resolution for Ending Jihad Murder and Slavery in Africa

WHEREAS, all human life is precious, and all people worldwide are worthy of safety, dignity, and freedom, the ongoing enslavement of Africans by Muslim jihadists is a violation of international humanitarian law; and

WHEREAS, our city recognizes that black Africans have been enslaved and murdered by jihadists for 14 centuries; the fact that this crime against humanity still exists in this century illustrates the hypocrisy of the U.N. and Western nations; and

WHEREAS, our city recognizes that the Arab slave trade exported around 25 million slaves from both coasts of Africa between the seventh and nineteenth centuries;

WHEREAS, the our city recognizes that slavery directed against black Africans is an abomination that still exists today across northern Africa and the Middle East that can no longer be tolerated; and

WHEREAS, according to the Global Slavery Index, 84,000 Africans are held as slaves in Algeria [1], 47,000 in Libya [2], and 149,000 in Mauritania [3]; and, according to Christian Solidarity International, perhaps 35,000 Africans remain enslaved in Sudan nearly two decades after the end of a self-declared jihad which caused the south to secede and constitute itself, since 2011, as the world's newest nation – South Sudan [4]; and

WHEREAS, Arab militias equipped and legitimized by the government of Arab Sudan continue to terrorize un-Arabized black Muslims in western Sudan, particularly the Darfur province, massacring the men, carrying off the women as chattel slaves, and resettling Arab Muslim nomads on their ethnically cleansed ancestral lands, as they have done intermittently since 1995 [5]; and

WHEREAS, according to research in 2020 by the office of Tolulope Akande-Sadipe, member of the Nigerian House of Representatives for Oyo State and Chair of the House Committee on Diaspora Affairs, perhaps 80,000 women from Nigeria alone have been trafficked as sex slaves across Lebanon, Mali, Oman, Saudi Arabia, and the United Arab Emirates [6]; and

WHEREAS, the Islamic terrorist organization Boko Haram along with Fulani Muslim death squads in northern Nigeria have murdered more than 50,000 Christians since 2009 and have enslaved perhaps 4,000 Christian children and teenagers, particularly young girls, for the purpose of sexual bondage [7]; and

WHEREAS, due to the difficulty in obtaining accurate, in-depth information, as well as the mainstream media and human rights groups' typical disinterest in these atrocities, it is highly likely that much of the jihad massacres and slave-taking exists in other regions beset by jihadists across North Africa [8];

BE IT RESOLVED that our city stands in solidarity with the victims of jihad slavery and slaughter including the people of South Sudan, Darfur and Nigeria who have endured murder, oppression and enslavement by jihadists.

BE IT RESOLVED that our city stands in humanitarian solidarity with all people enslaved and demands their immediate liberation by all means possible.

Thank you,

U.S. Representative Kevin Kiley
U.S. Senators, California

Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens, including Palestinian and Israeli peace activists. We are shocked that Grass Valley, California opened the door to become a conduit for terrorist propaganda. We ask you to VETO the recent ceasefire resolution (No. 2025-03) immediately.

We ask you please to read this letter in its entirety to understand our request.

A careful read of the ceasefire resolution that unjustly vilifies Israel will reveal the writers' intentional and glaring omission – a description of the horrors that Hamas has unleashed against both the Palestinians and Israelis.

These documents' disingenuous implication that the suffering of the Palestinians in Gaza is because of Israel are false as are the claims of genocide by Israel against the Palestinian people. It is HAMAS that perpetuates genocide on the Israelis and it is HAMAS that perpetuates egregious Palestinian casualties. It is blatantly false to claim that the only remedies are an Israeli ceasefire. This serves to keep Hamas in power.

HAMAS IS A TERRORIST ORGANIZATION

What the resolution's authors obfuscate is that Hamas is designated as a terrorist organization by the U.S.A. and 27 other countries (1).

Hamas' charter is explicit – their war is not just about land (2). Rather, it is about wiping out democracy, Jewish people, Christians, and all 'infidels.' As Senior Hamas Mahmoud Al-Zahar states in this video (12-12-22), which we encourage you to watch:

“The entire 510 million square kilometers of Planet Earth will come under [a system] where there is no injustice, no oppression, no treachery, no Zionism, no treacherous Christianity” (3).

Hamas' violence, however, is not saved just for the 'infidel.' Hamas turns this violence steadily against its own people, the Palestinians.

Below is a description of Palestinian daily life under Hamas' rule, which is vital information for you to make an informed decision.

HAMAS ROBBED GAZA FROM THE PALESTINIANS

Since 2005, Israel has been out of Gaza (4), which could have become a renowned seaside resort – with jobs and a vibrant economy. Sadly, Hamas stole billions of dollars of UNRWA aid from the Palestinians. Instead of using this money towards infrastructure, Hamas and UNRWA used it to create 450 miles of terror tunnels to commit the worst genocide of Jewish people since the Holocaust on October 7 (5).

HAMAS' VIOLENT COUP OF GAZA

In January 2006, Hamas won the majority of the seats in the Palestinian government. In June 2007, Hamas took over Gaza in a bloody coup, by throwing Fatah fighters off roofs of buildings (6, 7) and marching Fatah soldiers half naked and blindfolded in the street - executing them point blank (8,9).

HAMAS WEAPONIZES PALESTINIAN YOUTH

The UNRWA-Hamas partnership has poisoned over 545,000 Palestinian children through its P.A. curriculum that teaches hatred of Jewish People and Israel, and promotes violence, jihad, 'martyrdom culture,' and omits teaching about peace and co-existence. 80 UNRWA teachers and staff across more than 30 schools teach hateful content in their textbooks (10), and numerous Hamas terrorists have graduated from these schools (11, 12).

Since these children are instructed to be murder weapons for a terrorist group, Hamas and UNRWA are directly responsible for all the murders they commit, and for their untimely deaths as terrorists, suicide bombers, and as shields for Hamas (13, 14).

HAMAS' EXTREME VIOLENCE AGAINST DISSENTERS

Palestinian children and adults are exposed to daily violence by Hamas. It is common for a Palestinian child to walk to school and see a severed head roll by, Gazans hanging dead from electrical wires, Gazans being dragged across town by their feet, or a woman's head being chopped off with an ax while she is doing laundry. What are these people's 'crimes?' They are Gazans who want to live and work peacefully with the Israelis (15, 16).

Sheikh Mohammed Mushtaha, a Gazan mosque preacher, refused to praise Hamas in his sermon to a group of thousands. On 12/30/23 Hamas fighters violently stormed his house and kidnapped him (17).

HAMAS VIOLENCE: MUSIC, LGBTQIA+, AND CHRISTIANS

Hamas murders people for playing music at weddings (18), tortures and murders people who are LGBTQIA+ (19), and mistreats Christians by attacking their churches, threatening their leaders, and kidnapping Christian youth (20, 21).

HAMAS PURPOSELY INCREASES PALESTINIAN DEATHS

Hamas leaders have admitted that not only do they strategically use Palestinian civilians as shields, but they also know that Israel does NOT want to harm Palestinian civilians (22).

Hamas intentionally blocks safe passage corridors created by Israel, threatens to murder civilians who wish to evacuate (23), and hides munitions in hospitals, schools, homes, and mosques to INCREASE civilian casualties in order to impede Israeli military operations, demoralize Israel, and delegitimize Israel in the eyes of the world (24, 25). Hamas also loots aid trucks and murders Palestinians trying to get to the aid (26, 27, 28).

Loss of human life is tragic and according to logic and international law, these deaths, and the deaths of the terrorists themselves, fall squarely on the shoulders of Hamas (29).

ISRAEL PROTECTS PALESTINIAN CIVILIAN LIVES

Moreover, numerous war experts (30-32), including John Spencer, Chief of Urban Warfare Studies at WestPoint, laud the Israel Defense Force (IDF) for being the most moral army in the world. He said, “Israel has implemented more measures to avoid civilian casualties than any other military in the history of war” (33). From the IDF’s use of precision weapons to avoid collateral damage, to (leaflets) (34), texts, and calls to Gazan civilians ahead of airstrikes, to evacuating urban areas before attacking Hamas outposts, “No military in the world has ever done this” (35).

In fact on May 15, 2024, over 80 U.S. military generals, with expertise in the Middle East, have attested to the FACT that Israel follows international rules of war while Hamas ABUSES these rules to endanger civilian life (36).

Unprecedented in the entire world, Israel endangers its own soldiers to protect civilians (37).

FOOD AND AID

The world must speak out about what Hamas is doing to starve the Palestinian population. Despite the fact that the onus of this starvation falls squarely on Hamas, Israel sends in food and aid trucks because they care about civilian lives! Hamas loots these trucks and murders Palestinians trying to get to the aid (38 – 41).

HAMAS LIES

Hamas uses lies and disinformation as a strategic P.R. weapon. Hamas lied in 2002, 2009, 2012, and 2014 regarding numbers of civilian casualties (42, 43). In fact, months after the 2009 war, the Hamas leader, Fathi Hamad, admitted that Hamas lied about the number of civilian casualties and that Israel’s numbers were correct (44).

In this conflict, when a Palestinian rocket exploded the Al-Ahli hospital, Hamas quickly blamed the Israelis and the media perpetuated these lies. After an investigation and video footage, the truth was discovered (45).

Recent statistical analysis of the Hamas Ministry of Health numbers of casualties uncover that they are statistically impossible. See the analysis here (46, 47).

Armies that fight a defensive war against terrorists in urban warfare have a civilian to terrorist

casualty ratio of 4 to 60:1; meaning 4 to 60 civilians are accidentally killed for every terrorist that is eliminated. Israel's ratio is 1:1, meaning they have reduced civilian casualties four to sixtyfold by comparison (48). According to international law (Article 51) and ethics, all of these civilian casualties fall on Hamas' shoulders.

HAMAS VIOLENCE AGAINST ISRAEL

Despite the fact that Israel has offered peace agreements with the Palestinians on at least five occasions (49), Hamas has fired over 30,000 rockets at Israeli civilians since 2001 (50, 51).

On October 7 Hamas, UNRWA employees, and Palestinians high on illegal narcotics (52) brutally raped, burned, beheaded, maimed, and murdered 1,200 Israeli civilians, and took more than 240 hostages, including Americans, and Foreign Nationals in an act of pure genocide (53). Hamas is still holding these innocent hostages (54).

IN SUMMARY:

This resolution contains FALSE accusations against Israel ("genocide," "ethnic cleansing"). This letter shows that there is NO genocide by Israel against the Palestinians.

Moreover, this resolution is created by Hamas-funded terrorist network support groups and lobbyists (e.g., CAIR, AMP, SJP, etc.) and are meant to hide what Hamas does to keep them in power (55-57). Please, do not fall for it.

Leaving Hamas in power perpetuates brutality against the Palestinians and heinous terrorist attacks on Israel. When you say 'cease fire now,' you might think you are protecting innocent people. What you are doing, however, is allowing Hamas' brutal leaders to retrench and re-strengthen. In essence, you are hurting the people you say you are concerned about.

How can you help Palestinians and Israelis?

Call for Hamas' unconditional surrender and return of all the hostages. Only that will stop the terror attacks against Israel and Hamas' brutality against the Gazan civilians themselves.

Sincerely,

Orly Rodriguez

A careful read of the ceasefire resolution that repeatedly violates human rights will reveal the writer's "intentional and glaring omission" - a description of the horrors that Hamas has unleashed against both the Palestinians and Israelis.

This resolution contains FALSE accusations against Israel ("genocide," "ethnic cleansing"). This letter shows that there is NO genocide by Israel against the Palestinians.

Moreover, the resolution is created by Hamas-funded terrorist network support groups and lobbyists (e.g., CAIR, AMP, SIP, etc.) and was meant to help Hamas do to keep them in power (55-57). Please, do not fall for it.

Leave Hamas power perpetuates brutality against the Palestinians and heinous terrorist attacks on Israel. When you say "save lives now," you might think you are protecting innocent people. What you are doing, however, is allowing Hamas' brutal leaders to retaliate and re-strengthen. Its essence, you are hurting the people you say you are concerned about.

How can you help Palestinians and Israelis?

Call for Hamas' unconditional surrender and return of all the hostages. Only that will stop the terror attacks against Israel and Hamas' brutality against the Gazan civilians themselves.

Sincerely,

Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens, including Palestinian and Israeli peace activists. We are shocked that Grass Valley, California opened the door to become a conduit for terrorist propaganda. We ask you to VETO the recent ceasefire resolution (No. 2025-03) immediately.

We ask you please to read this letter in its entirety to understand our request.

A careful read of the ceasefire resolution that unjustly vilifies Israel will reveal the writers' intentional and glaring omission – a description of the horrors that Hamas has unleashed against both the Palestinians and Israelis.

These documents' disingenuous implication that the suffering of the Palestinians in Gaza is because of Israel are false as are the claims of genocide by Israel against the Palestinian people. It is HAMAS that perpetuates genocide on the Israelis and it is HAMAS that perpetuates egregious Palestinian casualties. It is blatantly false to claim that the only remedies are an Israeli ceasefire. This serves to keep Hamas in power.

HAMAS IS A TERRORIST ORGANIZATION

What the resolution's authors obfuscate is that Hamas is designated as a terrorist organization by the U.S.A. and 27 other countries (1).

Hamas' charter is explicit – their war is not just about land (2). Rather, it is about wiping out democracy, Jewish people, Christians, and all 'infidels.' As Senior Hamas Mahmoud Al-Zahar states in this video (12-12-22), which we encourage you to watch:

“The entire 510 million square kilometers of Planet Earth will come under [a system] where there is no injustice, no oppression, no treachery, no Zionism, no treacherous Christianity” (3).

Hamas' violence, however, is not saved just for the 'infidel.' Hamas turns this violence steadily against its own people, the Palestinians.

Below is a description of Palestinian daily life under Hamas' rule, which is vital information for you to make an informed decision.

HAMAS ROBBED GAZA FROM THE PALESTINIANS

Since 2005, Israel has been out of Gaza (4), which could have become a renowned seaside resort – with jobs and a vibrant economy. Sadly, Hamas stole billions of dollars of UNRWA aid from the Palestinians. Instead of using this money towards infrastructure, Hamas and UNRWA used it to create 450 miles of terror tunnels to commit the worst genocide of Jewish people since the Holocaust on October 7 (5).

HAMAS' VIOLENT COUP OF GAZA

In January 2006, Hamas won the majority of the seats in the Palestinian government. In June 2007, Hamas took over Gaza in a bloody coup, by throwing Fatah fighters off roofs of buildings (6, 7) and marching Fatah soldiers half naked and blindfolded in the street - executing them point blank (8,9).

HAMAS WEAPONIZES PALESTINIAN YOUTH

The UNRWA-Hamas partnership has poisoned over 545,000 Palestinian children through its P.A. curriculum that teaches hatred of Jewish People and Israel, and promotes violence, jihad, 'martyrdom culture,' and omits teaching about peace and co-existence. 80 UNRWA teachers and staff across more than 30 schools teach hateful content in their textbooks (10), and numerous Hamas terrorists have graduated from these schools (11, 12).

Since these children are instructed to be murder weapons for a terrorist group, Hamas and UNRWA are directly responsible for all the murders they commit, and for their untimely deaths as terrorists, suicide bombers, and as shields for Hamas (13, 14).

HAMAS' EXTREME VIOLENCE AGAINST DISSENTERS

Palestinian children and adults are exposed to daily violence by Hamas. It is common for a Palestinian child to walk to school and see a severed head roll by, Gazans hanging dead from electrical wires, Gazans being dragged across town by their feet, or a woman's head being chopped off with an ax while she is doing laundry. What are these people's 'crimes?' They are Gazans who want to live and work peacefully with the Israelis (15, 16).

Sheikh Mohammed Mushtaha, a Gazan mosque preacher, refused to praise Hamas in his sermon to a group of thousands. On 12/30/23 Hamas fighters violently stormed his house and kidnapped him (17).

HAMAS VIOLENCE: MUSIC, LGBTQIA+, AND CHRISTIANS

Hamas murders people for playing music at weddings (18), tortures and murders people who are LGBTQIA+ (19), and mistreats Christians by attacking their churches, threatening their leaders, and kidnapping Christian youth (20, 21).

HAMAS PURPOSELY INCREASES PALESTINIAN DEATHS

Hamas leaders have admitted that not only do they strategically use Palestinian civilians as shields, but they also know that Israel does NOT want to harm Palestinian civilians (22).

Hamas intentionally blocks safe passage corridors created by Israel, threatens to murder civilians who wish to evacuate (23), and hides munitions in hospitals, schools, homes, and mosques to INCREASE civilian casualties in order to impede Israeli military operations, demoralize Israel, and delegitimize Israel in the eyes of the world (24, 25). Hamas also loots aid trucks and murders Palestinians trying to get to the aid (26, 27, 28).

Loss of human life is tragic and according to logic and international law, these deaths, and the deaths of the terrorists themselves, fall squarely on the shoulders of Hamas (29).

ISRAEL PROTECTS PALESTINIAN CIVILIAN LIVES

Moreover, numerous war experts (30-32), including John Spencer, Chief of Urban Warfare Studies at WestPoint, laud the Israel Defense Force (IDF) for being the most moral army in the world. He said, “Israel has implemented more measures to avoid civilian casualties than any other military in the history of war” (33). From the IDF’s use of precision weapons to avoid collateral damage, to (leaflets) (34), texts, and calls to Gazan civilians ahead of airstrikes, to evacuating urban areas before attacking Hamas outposts, “No military in the world has ever done this” (35).

In fact on May 15, 2024, over 80 U.S. military generals, with expertise in the Middle East, have attested to the FACT that Israel follows international rules of war while Hamas ABUSES these rules to endanger civilian life (36).

Unprecedented in the entire world, Israel endangers its own soldiers to protect civilians (37).

FOOD AND AID

The world must speak out about what Hamas is doing to starve the Palestinian population. Despite the fact that the onus of this starvation falls squarely on Hamas, Israel sends in food and aid trucks because they care about civilian lives! Hamas loots these trucks and murders Palestinians trying to get to the aid (38 – 41).

HAMAS LIES

Hamas uses lies and disinformation as a strategic P.R. weapon. Hamas lied in 2002, 2009, 2012, and 2014 regarding numbers of civilian casualties (42, 43). In fact, months after the 2009 war, the Hamas leader, Fathi Hamad, admitted that Hamas lied about the number of civilian casualties and that Israel’s numbers were correct (44).

In this conflict, when a Palestinian rocket exploded the Al-Ahli hospital, Hamas quickly blamed the Israelis and the media perpetuated these lies. After an investigation and video footage, the truth was discovered (45).

Recent statistical analysis of the Hamas Ministry of Health numbers of casualties uncover that they are statistically impossible. See the analysis here (46, 47).

Armies that fight a defensive war against terrorists in urban warfare have a civilian to terrorist

casualty ratio of 4 to 60:1; meaning 4 to 60 civilians are accidentally killed for every terrorist that is eliminated. Israel's ratio is 1:1, meaning they have reduced civilian casualties four to sixtyfold by comparison (48). According to international law (Article 51) and ethics, all of these civilian casualties fall on Hamas' shoulders.

HAMAS VIOLENCE AGAINST ISRAEL

Despite the fact that Israel has offered peace agreements with the Palestinians on at least five occasions (49), Hamas has fired over 30,000 rockets at Israeli civilians since 2001 (50, 51).

On October 7 Hamas, UNRWA employees, and Palestinians high on illegal narcotics (52) brutally raped, burned, beheaded, maimed, and murdered 1,200 Israeli civilians, and took more than 240 hostages, including Americans, and Foreign Nationals in an act of pure genocide (53). Hamas is still holding these innocent hostages (54).

IN SUMMARY:

This resolution contains FALSE accusations against Israel ("genocide," "ethnic cleansing"). This letter shows that there is NO genocide by Israel against the Palestinians.

Moreover, this resolution is created by Hamas-funded terrorist network support groups and lobbyists (e.g., CAIR, AMP, SJP, etc.) and are meant to hide what Hamas does to keep them in power (55-57). Please, do not fall for it.

Leaving Hamas in power perpetuates brutality against the Palestinians and heinous terrorist attacks on Israel. When you say 'cease fire now,' you might think you are protecting innocent people. What you are doing, however, is allowing Hamas' brutal leaders to retrench and re-strengthen. In essence, you are hurting the people you say you are concerned about.

How can you help Palestinians and Israelis?

Call for Hamas' unconditional surrender and return of all the hostages. Only that will stop the terror attacks against Israel and Hamas' brutality against the Gazan civilians themselves.

Sincerely,

Lawrence Burian

It is HAMAS that perpetuates genocide on the Israelis and it is HAMAS that perpetuates egregious Palestinian casualties. It is blatantly false to claim that the only remedies are an Israeli ceasefire. This serves to keep Hamas in power. **HAMAS IS A TERRORIST ORGANIZATION** What the resolution's authors obfuscate is that Hamas is designated as a terrorist organization by the U.S.A. and 27 other countries (1). Hamas' charter is explicit – their war is not just about land (2). Rather, it is about wiping out democracy, Jewish people, Christians, and all 'infidels.' As Senior Hamas Mahmoud Al-Zahar states in this video (12-12-22), which we encourage you to watch: "The entire 510 million square kilometers of Planet Earth will come under [a system] where there is no injustice, no oppression, no treachery, no Zionism, no treacherous Christianity" (3). Hamas' violence, however, is not saved just for the 'infidel.' Hamas turns this violence steadily against its own people, the Palestinians. Below is a description of Palestinian daily life under Hamas' rule, which is vital information for you to make an informed decision. **HAMAS ROBBED GAZA FROM THE PALESTINIANS** Since 2005, Israel has been out of Gaza (4), which could have become a renowned seaside resort – with jobs and a vibrant economy. Sadly, Hamas stole billions of dollars of UNRWA aid from the Palestinians. Instead of using this money towards infrastructure, Hamas and UNRWA used it to create 450 miles of terror tunnels to commit the worst genocide of Jewish people since the Holocaust on October 7 (5). **HAMAS' VIOLENT COUP OF GAZA** In January 2006, Hamas won the majority of the seats in the Palestinian government. In June 2007, Hamas took over Gaza in a bloody coup, by throwing Fatah fighters off roofs of buildings (6, 7) and marching Fatah soldiers half naked and blindfolded in the street - executing them point blank (8,9). **HAMAS WEAPONIZES PALESTINIAN YOUTH** The UNRWA-Hamas partnership has poisoned over 545,000 Palestinian children through its P.A. curriculum that teaches hatred of Jewish People and Israel, and promotes violence, jihad, 'martyrdom culture,' and omits teaching about peace and co-existence. 80 UNRWA teachers and staff across more than 30 schools teach hateful content in their textbooks (10), and numerous Hamas terrorists have graduated from these schools (11, 12). Since these children are instructed to be murder weapons for a terrorist group, Hamas and UNRWA are directly responsible for all the murders they commit, and for their untimely deaths as terrorists, suicide bombers, and as shields for Hamas (13, 14). **HAMAS' EXTREME VIOLENCE AGAINST DISSENTERS** Palestinian children and adults are exposed to daily

violence by Hamas. It is common for a Palestinian child to walk to school and see a severed head roll by, Gazans hanging dead from electrical wires, Gazans being dragged across town by their feet, or a woman's head being chopped off with an ax while she is doing laundry. What are these people's 'crimes?' They are Gazans who want to live and work peacefully with the Israelis (15, 16). Sheikh Mohammed Mushtaha, a Gazan mosque preacher, refused to praise Hamas in his sermon to a group of thousands. On 12/30/23 Hamas fighters violently stormed his house and kidnapped him (17). **HAMAS VIOLENCE: MUSIC, LGBTQIA+, AND CHRISTIANS** Hamas murders people for playing music at weddings (18), tortures and murders people who are LGBTQIA+ (19), and mistreats Christians by attacking their churches, threatening their leaders, and kidnapping Christian youth (20, 21). **HAMAS PURPOSELY INCREASES PALESTINIAN DEATHS** Hamas leaders have admitted that not only do they strategically use Palestinian civilians as shields, but they also know that Israel does NOT want to harm Palestinian civilians (22). Hamas intentionally blocks safe passage corridors created by Israel, threatens to murder civilians who wish to evacuate (23), and hides munitions in hospitals, schools, homes, and mosques to INCREASE civilian casualties in order to impede Israeli military operations, demoralize Israel, and delegitimize Israel in the eyes of the world (24, 25). Hamas also loots aid trucks and murders Palestinians trying to get to the aid (26, 27, 28). Loss of human life is tragic and according to logic and international law, these deaths, and the deaths of the terrorists themselves, fall squarely on the shoulders of Hamas (29). **ISRAEL PROTECTS PALESTINIAN CIVILIAN LIVES** Moreover, numerous war experts (30-32), including John Spencer, Chief of Urban Warfare Studies at WestPoint, laud the Israel Defense Force (IDF) for being the most moral army in the world. He said, "Israel has implemented more measures to avoid civilian casualties than any other military in the history of war" (33). From the IDF's use of precision weapons to avoid collateral damage, to (leaflets) (34), texts, and calls to Gazan civilians ahead of airstrikes, to evacuating urban areas before attacking Hamas outposts, "No military in the world has ever done this" (35). In fact on May 15, 2024, over 80 U.S. military generals, with expertise in the Middle East, have attested to the FACT that Israel follows international rules of war while Hamas ABUSES these rules to endanger civilian life (36). Unprecedented in the entire world, Israel endangers its own soldiers to protect civilians (37). **FOOD AND AID** The world must speak out about what Hamas is doing to starve the Palestinian population. Despite the fact that the onus of this starvation falls squarely on Hamas, Israel sends in food and aid trucks because they care about civilian lives! Hamas loots these trucks and murders Palestinians trying to get to the aid (38 – 41). **HAMAS LIES** Hamas uses lies and disinformation as a strategic P.R. weapon. Hamas lied in 2002, 2009, 2012, and 2014 regarding numbers of civilian casualties (42, 43). In fact, months after the 2009 war, the Hamas leader, Fathi Hamad, admitted that Hamas lied about the number of civilian casualties and that Israel's numbers were correct (44). In this conflict, when a Palestinian rocket exploded the Al-Ahli hospital, Hamas quickly blamed the Israelis and the media perpetuated these lies. After an investigation and video footage, the truth was discovered (45). Recent statistical analysis of the Hamas Ministry of Health numbers of casualties uncover that they are statistically impossible. See the analysis here (46, 47). Armies that fight a defensive war against terrorists in urban warfare have a civilian to terrorist casualty ratio of 4 to 60:1; meaning 4 to 60 civilians are accidentally killed for every terrorist that is eliminated. Israel's ratio is 1:1, meaning they have reduced civilian casualties four to sixtyfold by comparison (48). According to international law (Article 51) and ethics, all of these civilian casualties fall on Hamas' shoulders. **HAMAS VIOLENCE AGAINST ISRAEL** Despite the fact that Israel has offered peace agreements with the Palestinians on at least five occasions (49), Hamas has fired over 30,000 rockets at Israeli civilians since 2001 (50, 51). On October 7 Hamas, UNRWA employees, and Palestinians high on illegal narcotics (52) brutally raped, burned, beheaded, maimed, and murdered 1,200 Israeli civilians, and took more than 240

hostages, including Americans, and Foreign Nationals in an act of pure genocide (53). Hamas is still holding these innocent hostages (54). IN SUMMARY: This resolution contains FALSE accusations against Israel (“genocide,” “ethnic cleansing”). This letter shows that there is NO genocide by Israel against the Palestinians. Moreover, this resolution is created by Hamas-funded terrorist network support groups and lobbyists (e.g., CAIR, AMP, SJP, etc.) and are meant to hide what Hamas does to keep them in power (55-57). Please, do not fall for it. Leaving Hamas in power perpetuates brutality against the Palestinians and heinous terrorist attacks on Israel. When you say ‘cease fire now,’ you might think you are protecting innocent people. What you are doing, however, is allowing Hamas’ brutal leaders to retrench and re-strengthen. In essence, you are hurting the people you say you are concerned about. How can you help Palestinians and Israelis? Call for Hamas’ unconditional surrender and return of all the hostages. Only that will stop the terror attacks against Israel and Hamas’ brutality against the Gazan civilians themselves. Sincerely, “...What does truth require? It requires us to face the facts as they are, not to involve ourselves in self-deception [and] slogans.” ~ President John F. Kennedy References: <https://ejh.email/NoCFLetter1References>

Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens, including Palestinian and Israeli peace activists. We are shocked that Grass Valley, California opened the door to become a conduit for terrorist propaganda. We ask you to VETO the recent ceasefire resolution (No. 2025-03) immediately.

We ask you please to read this letter in its entirety to understand our request.

A careful read of the ceasefire resolution that unjustly vilifies Israel will reveal the writers' intentional and glaring omission – a description of the horrors that Hamas has unleashed against both the Palestinians and Israelis.

These documents' disingenuous implication that the suffering of the Palestinians in Gaza is because of Israel are false as are the claims of genocide by Israel against the Palestinian people. It is HAMAS that perpetuates genocide on the Israelis and it is HAMAS that perpetuates egregious Palestinian casualties. It is blatantly false to claim that the only remedies are an Israeli ceasefire. This serves to keep Hamas in power.

HAMAS IS A TERRORIST ORGANIZATION

Hamas' violence, however, is not saved just for the 'infidel.' Hamas turns this violence steadily against its own people, the Palestinians.

Below is a description of Palestinian daily life under Hamas' rule, which is vital information for you to make an informed decision.

HAMAS ROBBED GAZA FROM THE PALESTINIANS

Since 2005, Israel has been out of Gaza (4), which could have become a renowned seaside resort – with jobs and a vibrant economy. Sadly, Hamas stole billions of dollars of UNRWA aid from the Palestinians. Hamas murders people for playing music at weddings (18), tortures and murders people who are LGBTQIA+ (19), and mistreats Christians by attacking their churches, threatening their leaders, and kidnapping Christian youth (20, 21).

HAMAS PURPOSELY INCREASES PALESTINIAN DEATHS

Hamas leaders have admitted that not only do they strategically use Palestinian civilians as shields, but they also know that Israel does NOT want to harm Palestinian civilians (22).

Hamas intentionally blocks safe passage corridors created by Israel, threatens to murder civilians who wish to evacuate (23), and hides munitions in hospitals, schools, homes, and mosques to INCREASE civilian casualties in order to impede Israeli military operations, demoralize Israel, and delegitimize Israel in the eyes of the world (24, 25). It is HAMAS that perpetuates genocide on the Israeli and it is HAMAS that perpetuates egregious Palestinian casualties. It is blatantly false to claim that the only remedies are an Israeli ceasefire. This serves to keep Hamas in power.

HAMAS IS A TERRORIST ORGANIZATION

What the resolution's authors believe is that Hamas is designated as a terrorist organization by the U.S.A. and 27 other countries (1).

Hamas' claims to fulfill: that was not just about Israel (2). Rather, it is about erasing our democracy, Jewish people, Christian, and all "infidels." As leader Hassan Mahmoud Al-Zuhair states in this video (12-12-22), which we encourage you to watch:

"The entire 510 million square kilometers of Planet Earth will come under [a system] where there is no religion, no oppression, no terrorism, no Zionism, no transhumanism Christianity" (3).

Hamas' violence, however, is not aimed just for the "infidels." Hamas terms this violence aimed against its own people, the Palestinians.

Below is a description of Palestinian daily life under Hamas' rule, which is vital information for you to make an informed decision.

HAMAS ROBBER GAZA FROM THE PALESTINIANS

Since 2005, Israel has had Gaza (4), which could have become a reformed outside resort – with jobs and a vibrant economy. Sadly, Hamas made billions of dollars of UNRWA and from the Palestinians. Instead of using this money to reach infrastructure, Hamas and UNRWA used it to create 450 miles of terror tunnels to commit the worst genocide of Jewish people since the Holocaust on October 7 (5).

HAMAS' VIOLENT COUP OF GAZA

In January 2006, Hamas won the majority of the vote in the Palestinian government. In June 2007, Hamas took over Gaza in a bloody coup, by throwing Fatah fighters off roofs of buildings (6, 7) and marching Fatah soldiers half naked and bloodied in the street – executing those point blank (8,9).

HAMAS WEAPONIZES PALESTINIAN YOUTH

The UNRWA-Hamas partnership has poisoned over 55,000 Palestinian children through in P.A. curriculum that teaches hatred of Jewish People and Israel, and promotes violence, jihad, "martyrdom culture," and omits teaching about peace and co-existence. 80 UNRWA teachers and staff across more than 30 schools teach hateful content in their textbooks (10), and numerous Hamas terrorists have graduated from these schools (11, 12).

Since these children are instrumental to be member weapons for a terrorist group, Hamas and UNRWA are directly responsible for all the murders they commit, and for their various deaths as terrorists, suicide bombers, and as shields for Hamas (13, 14).

HAMAS' EXTREME VIOLENCE AGAINST DISSENTERS

Palestinian children and adults are exposed to daily violence by Hamas. It is common for a Palestinian child to walk to school and see a severed head roll by. Gazans hanging dead from electrical wires, Gazans being dragged across towns by their feet, or a woman's head being chopped off with an axe while she is doing laundry. What are these people's "crimes?" They are Gazans who want to live and work peacefully with the Israelis (15, 16).

Sheikh Mohammed Mustafa, a Hamas mosque preacher, refused to praise Hamas in his sermons to a group of thousands. On 12/30/23 Hamas fighters violently entered his house and kidnapped him (17).

HAMAS VIOLENCE: MISC., LGBTQIA+, AND CHRISTIANS

Hamas murders people for playing music at weddings (18), tortures and murders people who are LGBTQIA+ (19), and murders Christians by attacking their churches, threatening their leaders, and kidnapping Christian youth (20, 21).

HAMAS FURTHERMORE INCREASES PALESTINIAN DEATHS

Hamas leaders have admitted that not only do they strategically use Palestinian civilians as shields, but they also know that Israel does NOT want to harm Palestinian civilians (22).

Hamas intentionally blocks safe passage corridors created by Israel, threatens to murder civilians who wish to evacuate (23), and hides munitions in hospitals, schools, homes, and mosques to INCREASE civilian casualties in order to impede Israel's military operations, demoralize Israel, and delegitimize Israel in the eyes of the world (24, 25). Hamas also burns and tracks and murders Palestinians trying to get to the aid (26, 27, 28).

Loss of human life is tragic and according to logic and international law, these deaths, and the deaths of the terrorists themselves, fall squarely on the shoulders of Hamas (29).

ISRAEL PROTECTS PALESTINIAN CIVILIAN LIVES

Moreover, numerous war experts (30-32), including John Spenser, Chief of Urban Warfare Studies at WestPoint, laud the Israel Defense Force (IDF) for being the most moral army in the world. He said, "Israel has implemented more measures to avoid civilian casualties than any other military in the history of war" (33). From the IDF's use of precision weapons to avoid collateral damage, to (flybites) (34), wags, and calls to Gaza civilians ahead of airstrikes, to evacuating urban areas before attacking Hamas troops, "No military in the world has ever done this" (35).

Dependent on the entire world, Israel endangers its own soldiers to protect civilians (37).

FOOD AND AID

The world must speak out about what Hamas is doing to starve the Palestinian population. Despite the fact that the onset of this starvation falls squarely on Hamas, Israel needs to fund and aid trucks because they care about civilian lives! Hamas loots these trucks and murders Palestinians trying to get to the aid (38 – 41).

HAMAS LIES

Hamas uses lies and disinformation as a strategy of war. Hamas lied in 2002, 2009, 2012, and 2014 regarding numbers of civilian casualties (42, 43). In fact, months after the 2009 war, the Hamas leader, Fatah Hamed, admitted that Hamas lied about the number of civilian casualties and that Israel's numbers were correct (44).

In the conflict, a Palestinian medical epidemiologist the Al-Ahli hospital, Hamas quickly blamed the Israelis and the media propagated these lies. After an investigation and video footage, the truth was discovered (45).

Recent statistical analysis of the Hamas Ministry of Health numbers of casualties discover that they are statistically impossible. See the analysis here (46, 47).

Armed that fight definitions were against terrorism in urban warfare have a civilian to terrorist casualty ratio of 4 to 600; meaning 4 to 600 civilians are accidentally killed for every terrorist that is eliminated. Hamas' ratio is 1 to 1, meaning they have reduced civilian casualties due to being held by comparison (48). According to international law (Article 51) and ethics, all of these civilian casualties fall on Hamas' shoulders.

HAMAS VIOLENCE AGAINST ISRAEL

Despite the fact that Israel has offered peace agreements with the Palestinians on at least five occasions (49), Hamas has fired over 70,000 rockets at Israeli civilians since 2001 (50, 51).

On October 7 Hamas, UNRWA employees, and Palestinian high on illegal narcotics (52) brutally raped, burned, kidnapped, murdered, and murdered 1,200 Israeli civilians, and took more than 240 hostages, including Americans, and Foreign Nationals in an act of pure genocide (53). Hamas is still holding these innocent hostages (54).

IN SUMMARY:

This resolution contains FALSE accusations against Israel ("genocide," "ethnic cleansing"). This letter shows that there is NO genocide by Israel against the Palestinians.

Moreover, this resolution is created by Hamas-funded terrorist network support groups and lobbyists (e.g., CAIR, AMP, SSP, etc.) and are meant to hide what Hamas does to keep them in power (55-57). Please, do not fall for it.

Leaving Hamas in power perpetuates brutality against the Palestinian and innocent terrorist attacks on Israel. When you say "cease fire now," you might think you are protecting innocent people. What you are doing, however, is allowing Hamas' brutal leaders to retrench and re-strengthen. In essence, you are hurting the people you say you are concerned about.

How can you help Palestinians and Israelis?

Call for Hamas' unconditional surrender and return of all its hostages. Only that will stop the terror attacks against Israel and Hamas' brutality against the Gaza civilians themselves.

Sincerely,

Maddy Kash

Recent statistical analysis of the Hamas Ministry of Health numbers of casualties uncover that they are statistically impossible. See the analysis here (46, 47).

Armies that fight a defensive war against terrorists in urban warfare have a civilian to terrorist

casualty ratio of 4 to 60:1; meaning 4 to 60 civilians are accidentally killed for every terrorist that is eliminated. Israel's ratio is 1:1, meaning they have reduced civilian casualties four to sixtyfold by comparison (48). According to international law (Article 51) and ethics, all of these civilian casualties fall on Hamas' shoulders.

HAMAS VIOLENCE AGAINST ISRAEL

Despite the fact that Israel has offered peace agreements with the Palestinians on at least five occasions (49), Hamas has fired over 30,000 rockets at Israeli civilians since 2001 (50, 51).

On October 7 Hamas, UNRWA employees, and Palestinians high on illegal narcotics (52) brutally raped, burned, beheaded, maimed, and murdered 1,200 Israeli civilians, and took more than 240 hostages, including Americans, and Foreign Nationals in an act of pure genocide (53). Hamas is still holding these innocent hostages (54).

IN SUMMARY:

This resolution contains FALSE accusations against Israel ("genocide," "ethnic cleansing"). This letter shows that there is NO genocide by Israel against the Palestinians.

Moreover, this resolution is created by Hamas-funded terrorist network support groups and lobbyists (e.g., CAIR, AMP, SJP, etc.) and are meant to hide what Hamas does to keep them in power (55-57). Please, do not fall for it.

Leaving Hamas in power perpetuates brutality against the Palestinians and heinous terrorist attacks on Israel. When you say 'cease fire now,' you might think you are protecting innocent people. What you are doing, however, is allowing Hamas' brutal leaders to retrench and re-strengthen. In essence, you are hurting the people you say you are concerned about.

How can you help Palestinians and Israelis?

Call for Hamas' unconditional surrender and return of all the hostages. Only that will stop the terror attacks against Israel and Hamas' brutality against the Gazan civilians themselves.

Sincerely,
Leon Berkowitz

Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens, including Palestinian and Israeli peace activists. We are shocked that Grass Valley, California opened the door to become a conduit for terrorist propaganda. We ask you to VETO the recent ceasefire resolution (No. 2025-03) immediately.

We ask you please to read this letter in its entirety to understand our request.

A careful read of the ceasefire resolution that unjustly vilifies Israel will reveal the writers' intentional and glaring omission – a description of the horrors that Hamas has unleashed against both the Palestinians and Israelis.

These documents' disingenuous implication that the suffering of the Palestinians in Gaza is because of Israel are false as are the claims of genocide by Israel against the Palestinian people. It is HAMAS that perpetuates genocide on the Israelis and it is HAMAS that perpetuates egregious Palestinian casualties. It is blatantly false to claim that the only remedies are an Israeli ceasefire. This serves to keep Hamas in power.

HAMAS IS A TERRORIST ORGANIZATION

What the resolution's authors obfuscate is that Hamas is designated as a terrorist organization by the U.S.A. and 27 other countries (1).

Hamas' charter is explicit – their war is not just about land (2). Rather, it is about wiping out democracy, Jewish people, Christians, and all 'infidels.' As Senior Hamas Mahmoud Al-Zahar states in this video (12-12-22), which we encourage you to watch:

“The entire 510 million square kilometers of Planet Earth will come under [a system] where there is no injustice, no oppression, no treachery, no Zionism, no treacherous Christianity” (3).

Hamas' violence, however, is not saved just for the 'infidel.' Hamas turns this violence steadily against its own people, the Palestinians.

Below is a description of Palestinian daily life under Hamas' rule, which is vital information for you to make an informed decision.

HAMAS ROBBED GAZA FROM THE PALESTINIANS

Since 2005, Israel has been out of Gaza (4), which could have become a renowned seaside resort – with jobs and a vibrant economy. Sadly, Hamas stole billions of dollars of UNRWA aid from the Palestinians. Instead of using this money towards infrastructure, Hamas and UNRWA used it to create 450 miles of terror tunnels to commit the worst genocide of Jewish people since the Holocaust on October 7 (5).

HAMAS' VIOLENT COUP OF GAZA

In January 2006, Hamas won the majority of the seats in the Palestinian government. In June 2007, Hamas took over Gaza in a bloody coup, by throwing Fatah fighters off roofs of buildings (6, 7) and marching Fatah soldiers half naked and blindfolded in the street - executing them point blank (8,9).

HAMAS WEAPONIZES PALESTINIAN YOUTH

The UNRWA-Hamas partnership has poisoned over 545,000 Palestinian children through its P.A. curriculum that teaches hatred of Jewish People and Israel, and promotes violence, jihad, 'martyrdom culture,' and omits teaching about peace and co-existence. 80 UNRWA teachers and staff across more than 30 schools teach hateful content in their textbooks (10), and numerous Hamas terrorists have graduated from these schools (11, 12).

Since these children are instructed to be murder weapons for a terrorist group, Hamas and UNRWA are directly responsible for all the murders they commit, and for their untimely deaths as terrorists, suicide bombers, and as shields for Hamas (13, 14).

HAMAS' EXTREME VIOLENCE AGAINST DISSENTERS

Palestinian children and adults are exposed to daily violence by Hamas. It is common for a Palestinian child to walk to school and see a severed head roll by, Gazans hanging dead from electrical wires, Gazans being dragged across town by their feet, or a woman's head being chopped off with an ax while she is doing laundry. What are these people's 'crimes?' They are Gazans who want to live and work peacefully with the Israelis (15, 16).

Sheikh Mohammed Mushtaha, a Gazan mosque preacher, refused to praise Hamas in his sermon to a group of thousands. On 12/30/23 Hamas fighters violently stormed his house and kidnapped him (17).

HAMAS VIOLENCE: MUSIC, LGBTQIA+, AND CHRISTIANS

Hamas murders people for playing music at weddings (18), tortures and murders people who are LGBTQIA+ (19), and mistreats Christians by attacking their churches, threatening their leaders, and kidnapping Christian youth (20, 21).

HAMAS PURPOSELY INCREASES PALESTINIAN DEATHS

Hamas leaders have admitted that not only do they strategically use Palestinian civilians as shields, but they also know that Israel does NOT want to harm Palestinian civilians (22).

Hamas intentionally blocks safe passage corridors created by Israel, threatens to murder civilians who wish to evacuate (23), and hides munitions in hospitals, schools, homes, and mosques to INCREASE civilian casualties in order to impede Israeli military operations, demoralize Israel, and delegitimize Israel in the eyes of the world (24, 25). Hamas also loots aid trucks and murders Palestinians trying to get to the aid (26, 27, 28).

Loss of human life is tragic and according to logic and international law, these deaths, and the deaths of the terrorists themselves, fall squarely on the shoulders of Hamas (29).

ISRAEL PROTECTS PALESTINIAN CIVILIAN LIVES

Moreover, numerous war experts (30-32), including John Spencer, Chief of Urban Warfare Studies at WestPoint, laud the Israel Defense Force (IDF) for being the most moral army in the world. He said, “Israel has implemented more measures to avoid civilian casualties than any other military in the history of war” (33). From the IDF’s use of precision weapons to avoid collateral damage, to (leaflets) (34), texts, and calls to Gazan civilians ahead of airstrikes, to evacuating urban areas before attacking Hamas outposts, “No military in the world has ever done this” (35).

In fact on May 15, 2024, over 80 U.S. military generals, with expertise in the Middle East, have attested to the FACT that Israel follows international rules of war while Hamas ABUSES these rules to endanger civilian life (36).

Unprecedented in the entire world, Israel endangers its own soldiers to protect civilians (37).

FOOD AND AID

The world must speak out about what Hamas is doing to starve the Palestinian population. Despite the fact that the onus of this starvation falls squarely on Hamas, Israel sends in food and aid trucks because they care about civilian lives! Hamas loots these trucks and murders Palestinians trying to get to the aid (38 – 41).

HAMAS LIES

Hamas uses lies and disinformation as a strategic P.R. weapon. Hamas lied in 2002, 2009, 2012, and 2014 regarding numbers of civilian casualties (42, 43). In fact, months after the 2009 war, the Hamas leader, Fathi Hamad, admitted that Hamas lied about the number of civilian casualties and that Israel’s numbers were correct (44).

In this conflict, when a Palestinian rocket exploded the Al-Ahli hospital, Hamas quickly blamed the Israelis and the media perpetuated these lies. After an investigation and video footage, the truth was discovered (45).

Recent statistical analysis of the Hamas Ministry of Health numbers of casualties uncover that they are statistically impossible. See the analysis here (46, 47).

Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens, including Palestinian and Israeli peace activists. We are shocked that Grass Valley, California opened the door to become a conduit for terrorist propaganda. We ask you to VETO the recent ceasefire resolution (No. 2025-03) immediately.

We ask you please to read this letter in its entirety to understand our request.

A careful read of the ceasefire resolution that unjustly vilifies Israel will reveal the writers' intentional and glaring omission – a description of the horrors that Hamas has unleashed against both the Palestinians and Israelis.

These documents' disingenuous implication that the suffering of the Palestinians in Gaza is because of Israel are false as are the claims of genocide by Israel against the Palestinian people. It is HAMAS that perpetuates genocide on the Israelis and it is HAMAS that perpetuates egregious Palestinian casualties. It is blatantly false to claim that the only remedies are an Israeli ceasefire. This serves to keep Hamas in power.

HAMAS IS A TERRORIST ORGANIZATION

What the resolution's authors obfuscate is that Hamas is designated as a terrorist organization by the U.S.A. and 27 other countries (1).

Hamas' charter is explicit – their war is not just about land (2). Rather, it is about wiping out democracy, Jewish people, Christians, and all 'infidels.' As Senior Hamas Mahmoud Al-Zahar states in this video (12-12-22), which we encourage you to watch:

“The entire 510 million square kilometers of Planet Earth will come under [a system] where there is no injustice, no oppression, no treachery, no Zionism, no treacherous Christianity” (3).

Hamas' violence, however, is not saved just for the 'infidel.' Hamas turns this violence steadily against its own people, the Palestinians.

Below is a description of Palestinian daily life under Hamas' rule, which is vital information for you to make an informed decision.

HAMAS ROBBED GAZA FROM THE PALESTINIANS

Since 2005, Israel has been out of Gaza (4), which could have become a renowned seaside resort – with jobs and a vibrant economy. Sadly, Hamas stole billions of dollars of UNRWA aid from the Palestinians. Instead of using this money towards infrastructure, Hamas and UNRWA used it to create 450 miles of terror tunnels to commit the worst genocide of Jewish people since the Holocaust on October 7 (5).

HAMAS' VIOLENT COUP OF GAZA

In January 2006, Hamas won the majority of the seats in the Palestinian government. In June 2007, Hamas took over Gaza in a bloody coup, by throwing Fatah fighters off roofs of buildings (6, 7) and marching Fatah soldiers half naked and blindfolded in the street - executing them point blank (8,9).

HAMAS WEAPONIZES PALESTINIAN YOUTH

The UNRWA-Hamas partnership has poisoned over 545,000 Palestinian children through its P.A. curriculum that teaches hatred of Jewish People and Israel, and promotes violence, jihad, 'martyrdom culture,' and omits teaching about peace and co-existence. 80 UNRWA teachers and staff across more than 30 schools teach hateful content in their textbooks (10), and numerous Hamas terrorists have graduated from these schools (11, 12).

Since these children are instructed to be murder weapons for a terrorist group, Hamas and UNRWA are directly responsible for all the murders they commit, and for their untimely deaths as terrorists, suicide bombers, and as shields for Hamas (13, 14).

HAMAS' EXTREME VIOLENCE AGAINST DISSENTERS

Palestinian children and adults are exposed to daily violence by Hamas. It is common for a Palestinian child to walk to school and see a severed head roll by, Gazans hanging dead from electrical wires, Gazans being dragged across town by their feet, or a woman's head being chopped off with an ax while she is doing laundry. What are these people's 'crimes?' They are Gazans who want to live and work peacefully with the Israelis (15, 16).

Sheikh Mohammed Mushtaha, a Gazan mosque preacher, refused to praise Hamas in his sermon to a group of thousands. On 12/30/23 Hamas fighters violently stormed his house and kidnapped him (17).

HAMAS VIOLENCE: MUSIC, LGBTQIA+, AND CHRISTIANS

Hamas murders people for playing music at weddings (18), tortures and murders people who are LGBTQIA+ (19), and mistreats Christians by attacking their churches, threatening their leaders, and kidnapping Christian youth (20, 21).

HAMAS PURPOSELY INCREASES PALESTINIAN DEATHS

Hamas leaders have admitted that not only do they strategically use Palestinian civilians as shields, but they also know that Israel does NOT want to harm Palestinian civilians (22).

Hamas intentionally blocks safe passage corridors created by Israel, threatens to murder civilians who wish to evacuate (23), and hides munitions in hospitals, schools, homes, and mosques to INCREASE civilian casualties in order to impede Israeli military operations, demoralize Israel, and delegitimize Israel in the eyes of the world (24, 25). Hamas also loots aid trucks and murders Palestinians trying to get to the aid (26, 27, 28).

Loss of human life is tragic and according to logic and international law, these deaths, and the deaths of the terrorists themselves, fall squarely on the shoulders of Hamas (29).

ISRAEL PROTECTS PALESTINIAN CIVILIAN LIVES

Moreover, numerous war experts (30-32), including John Spencer, Chief of Urban Warfare Studies at WestPoint, laud the Israel Defense Force (IDF) for being the most moral army in the world. He said, “Israel has implemented more measures to avoid civilian casualties than any other military in the history of war” (33). From the IDF’s use of precision weapons to avoid collateral damage, to (leaflets) (34), texts, and calls to Gazan civilians ahead of airstrikes, to evacuating urban areas before attacking Hamas outposts, “No military in the world has ever done this” (35).

In fact on May 15, 2024, over 80 U.S. military generals, with expertise in the Middle East, have attested to the FACT that Israel follows international rules of war while Hamas ABUSES these rules to endanger civilian life (36).

Unprecedented in the entire world, Israel endangers its own soldiers to protect civilians (37).

FOOD AND AID

The world must speak out about what Hamas is doing to starve the Palestinian population. Despite the fact that the onus of this starvation falls squarely on Hamas, Israel sends in food and aid trucks because they care about civilian lives! Hamas loots these trucks and murders Palestinians trying to get to the aid (38 – 41).

HAMAS LIES

Hamas uses lies and disinformation as a strategic P.R. weapon. Hamas lied in 2002, 2009, 2012, and 2014 regarding numbers of civilian casualties (42, 43). In fact, months after the 2009 war, the Hamas leader, Fathi Hamad, admitted that Hamas lied about the number of civilian casualties and that Israel’s numbers were correct (44).

In this conflict, when a Palestinian rocket exploded the Al-Ahli hospital, Hamas quickly blamed the Israelis and the media perpetuated these lies. After an investigation and video footage, the truth was discovered (45).

Recent statistical analysis of the Hamas Ministry of Health numbers of casualties uncover that they are statistically impossible. See the analysis here (46, 47).

Armies that fight a defensive war against terrorists in urban warfare have a civilian to terrorist

casualty ratio of 4 to 60:1; meaning 4 to 60 civilians are accidentally killed for every terrorist that is eliminated. Israel's ratio is 1:1, meaning they have reduced civilian casualties four to sixtyfold by comparison (48). According to international law (Article 51) and ethics, all of these civilian casualties fall on Hamas' shoulders.

HAMAS VIOLENCE AGAINST ISRAEL

Despite the fact that Israel has offered peace agreements with the Palestinians on at least five occasions (49), Hamas has fired over 30,000 rockets at Israeli civilians since 2001 (50, 51).

On October 7 Hamas, UNRWA employees, and Palestinians high on illegal narcotics (52) brutally raped, burned, beheaded, maimed, and murdered 1,200 Israeli civilians, and took more than 240 hostages, including Americans, and Foreign Nationals in an act of pure genocide (53). Hamas is still holding these innocent hostages (54).

IN SUMMARY:

This resolution contains FALSE accusations against Israel ("genocide," "ethnic cleansing"). This letter shows that there is NO genocide by Israel against the Palestinians.

Moreover, this resolution is created by Hamas-funded terrorist network support groups and lobbyists (e.g., CAIR, AMP, SJP, etc.) and are meant to hide what Hamas does to keep them in power (55-57). Please, do not fall for it.

Leaving Hamas in power perpetuates brutality against the Palestinians and heinous terrorist attacks on Israel. When you say 'cease fire now,' you might think you are protecting innocent people. What you are doing, however, is allowing Hamas' brutal leaders to retrench and re-strengthen. In essence, you are hurting the people you say you are concerned about.

How can you help Palestinians and Israelis?

Call for Hamas' unconditional surrender and return of all the hostages. Only that will stop the terror attacks against Israel and Hamas' brutality against the Gazan civilians themselves.

Sincerely,

"...What does truth require? It requires us to face the facts as they are, not to involve ourselves in self-deception [and] slogans." ~ President John F. Kennedy

Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens who are asking you to VETO the ceasefire resolution which is meant to keep Hamas terrorists in power.

We have watched in horror as pro-terror activists have tried to hijack American city councils, campus life, and more with misinformation, extremist ideology, and violent conduct that undermine our democratic way of life and our peaceful communities.

While hiding behind the slogan of human rights, they are actually a P.R. arm of Hamas aimed at covering up Hamas atrocities against Palestinians and Israelis [1-3].

Sadly, these pro-terror activists show their true colors by burning American flags, holding signs that said, "Globalize the Intifada," waving Hamas terrorist flags, and wearing Hezbollah terrorist headbands [4].

We know that the pro-terrorist groups tend to be vocal and put undue pressure on city councils. To help you with your decision, we would like to share with you an open letter written on May 10, 2024 by 80 retired U.S. military leaders, who served our country with distinction in the Middle East [5].

These generals collaborated on a public message to teach the American people and the world essential facts that have been buried in hate, propaganda, and noise.

The letter states:

- 1) Israelis have a right to defend themselves against Iranian backed terrorists on all sides.
- 2) Israelis are staunch allies who protect U.S. soldiers and civilians – and deserve our support.

- 3) The U.S. President and a bipartisan Congress must collaborate to ensure that Israel always has essential weapons.
- 4) The Israel Defense Forces (IDF) follow international rules of war while Israel's enemies ABUSE these rules and purposely endanger civilians to falsely paint Israel as the aggressor.
- 5) Israelis are fighting for civilization against barbaric enemies [6].

Many of our military families across this great nation have loved ones who have fought against terrorists such as these, and many of us have loved ones who have made the ultimate sacrifice to protect our democratic way of life.

We owe our military families the greatest respect for their service, and we ask you for your moral clarity by taking a stand against terrorism and for democracy.

It's time to veto this sham document now.

Sincerely,

Dear Mayor Hodge,

We are your constituents, Americans across this great nation, and worldwide citizens who are asking you to VETO the ceasefire resolution which is meant to keep Hamas terrorists in power.

We have watched in horror as pro-terror activists have tried to hijack American city councils, campus life, and more with misinformation, extremist ideology, and violent conduct that undermine our democratic way of life and our peaceful communities.

While hiding behind the slogan of human rights, they are actually a P.R. arm of Hamas aimed at covering up Hamas atrocities against Palestinians and Israelis [1-3].

Sadly, these pro-terror activists show their true colors by burning American flags, holding signs that said, "Globalize the Intifada," waving Hamas terrorist flags, and wearing Hezbollah terrorist headbands [4].

We know that the pro-terrorist groups tend to be vocal and put undue pressure on city councils. To help you with your decision, we would like to share with you an open letter written on May 10, 2024 by 80 retired U.S. military leaders, who served our country with distinction in the Middle East [5].

These generals collaborated on a public message to teach the American people and the world essential facts that have been buried in hate, propaganda, and noise.

The letter states:

- 1) Israelis have a right to defend themselves against Iranian backed terrorists on all sides.
- 2) Israelis are staunch allies who protect U.S. soldiers and civilians – and deserve our support.
- 3) The U.S. President and a bipartisan Congress must collaborate to ensure that Israel always

has essential weapons.

4) The Israel Defense Forces (IDF) follow international rules of war while Israel's enemies ABUSE these rules and purposely endanger civilians to falsely paint Israel as the aggressor.

5) Israelis are fighting for civilization against barbaric enemies [6].

Many of our military families across this great nation have loved ones who have fought against terrorists such as these, and many of us have loved ones who have made the ultimate sacrifice to protect our democratic way of life.

We owe our military families the greatest respect for their service, and we ask you for your moral clarity by taking a stand against terrorism and for democracy.

It's time to veto this sham document now.

Sincerely,

Dear Mayor Hodge,

As your constituents and concerned Americans across the nation we urge you to VETO the ceasefire resolution (No. 2025-03).

Sadly, City Council members have allowed themselves to be pulled into a discussion about these resolutions, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, and in U.S. cities [1-3]. Considering you have no authority regarding foreign policy, have you considered that voting on these resolutions might be misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., AMP, CAIR, JVP, SJP, WOL) afflicting cities [4-8].

Israel pulled out of Gaza in 2005 as a gesture towards peace [9]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel for the last few decades [10-12]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by... Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [13]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [14]. Do you honestly believe Israel is dealing with a legitimate peace partner?

As an arm of the notorious Muslim Brotherhood [15], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try and delegitimize Israel [16]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [17-19]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages.

Please VETO this sham document.

Please bring a rational approach to a situation that has run amok.

Thank you,

Dear Mayor Hodge,

As your constituents and concerned Americans across the nation we urge you to VETO the ceasefire resolution (No. 2025-03).

Sadly, City Council members have allowed themselves to be pulled into a discussion about these resolutions, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, and in U.S. cities [1-3]. Considering you have no authority regarding foreign policy, have you considered that voting on these resolutions might be misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., AMP, CAIR, JVP, SJP, WOL) afflicting cities [4-8].

Israel pulled out of Gaza in 2005 as a gesture towards peace [9]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel for the last few decades [10-12]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by... Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [13]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [14]. Do you honestly believe Israel is dealing with a legitimate peace partner?

As an arm of the notorious Muslim Brotherhood [15], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try and delegitimize Israel [16]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [17-19]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages.

Please VETO this sham document.

Please bring a rational approach to a situation that has run amok.

Thank you,

Ellen Bressel

As your constituents and concerned Americans across the nation we urge you to VETO the ceasefire resolution (No. 2025-03).

Sadly, City Council members have allowed themselves to be pulled into a discussion about these resolutions, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, and in U.S. cities [1-3]. Considering you have no authority regarding foreign policy, have you considered that voting on these resolutions might be misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., AMP, CAIR, JVP, SJP, WOL) afflicting cities [4-8].

Israel pulled out of Gaza in 2005 as a gesture towards peace [9]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel for the last few decades [10-12]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by... Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [13]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [14]. Do you honestly believe Israel is dealing with a legitimate peace partner?

As an arm of the notorious Muslim Brotherhood [15], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try and delegitimize Israel [16]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [17-19]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages.

Please VETO this sham document.

Please bring a rational approach to a situation that has run amok.

Thank you,

Dear Mayor Hodge,

As your constituents and concerned Americans across the nation we urge you to VETO the ceasefire resolution (No. 2025-03).

Sadly, City Council members have allowed themselves to be pulled into a discussion about these resolutions, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, and in U.S. cities [1-3]. Considering you have no authority regarding foreign policy, have you considered that voting on these resolutions might be misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., AMP, CAIR, JVP, SJP, WOL) afflicting cities [4-8].

Israel pulled out of Gaza in 2005 as a gesture towards peace [9]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel for the last few decades [10-12]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by... Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [13]. Dear Mayor Hodge,

As your constituents and concerned Americans across the nation we urge you to VETO the ceasefire resolution (No. 2025-03).

Sadly, City Council members have allowed themselves to be pulled into a discussion about these resolutions, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, and in U.S. cities [1-3]. Considering you have no authority regarding foreign policy, have you considered that voting on these resolutions might be misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., AMP, CAIR, JVP, SJP, WOL) afflicting cities [4-8].

Israel pulled out of Gaza in 2005 as a gesture towards peace [9]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel for the last few decades [10-12]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by... Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [13]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [14]. Do you honestly believe Israel is dealing with a legitimate peace partner?

As an arm of the notorious Muslim Brotherhood [15], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try and delegitimize Israel [16]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [17-19]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages.

Please VETO this sham document.

Please bring a rational approach to a situation that has run amok.

Thank you,

Dear Mayor Hodge,

As your constituents and concerned Americans across the nation we urge you to VETO the ceasefire resolution (No. 2025-03).

Sadly, City Council members have allowed themselves to be pulled into a discussion about these resolutions, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, and in U.S. cities [1-3]. Considering you have no authority regarding foreign policy, have you considered that voting on these resolutions might be misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., AMP, CAIR, JVP, SJP, WOL) afflicting cities [4-8].

Israel pulled out of Gaza in 2005 as a gesture towards peace [9]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel for the last few decades [10-12]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by... Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [13]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [14]. Do you honestly believe Israel is dealing with a legitimate peace partner?

As an arm of the notorious Muslim Brotherhood [15], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try and delegitimize Israel [16]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [17-19]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages.

Please VETO this sham document.

Please bring a rational approach to a situation that has run amok.

Thank you,

Karen Gibofsky
